SUMMARY KEYWORDS

nickname, professor, questions, beth, thinking, true, janitorial, dan, jim, tudor, called, good, janitor, mara, matt, big, colds, laughs, nhl, professors

SPEAKERS

Beth Oljar, Jeffe Boats, Mara Livezey, Announcer, Dan Maggio, James Tubbs, Dave Chow, Matt Mio

- A** Announcer 00:02
The University of Detroit Mercy presents another brand new episode of Ask The Professor. Today's program was recorded using Zoom video conferencing technology.
- M** Matt Mio 00:21
The University tower chimes ringing another session of Ask The Professor, the show on which you match wits with University of Detroit Mercy professors in an unrehearsed session of questions and answers. I'm your host Matt Mio, and let me introduce to you our panel for today. To my little box's left, it's Professor Dave Chow.
- D** Dave Chow 00:40
Oh, pleasure to be here as always.
- M** Matt Mio 00:42
Excellent. I see some inspirational phraseology behind your head there today, Dave. "Dare Mighty Things."
- D** Dave Chow 00:49

Of course.

B Beth Oljar 00:50
I love it!

D Dave Chow 00:51
So - that was - what was it - I'm trying to remember where - It was Teddy Roosevelt. And I believe that was Johnson Space Control when they sent up the lander.

M Matt Mio 01:01
Oh, very cool.

D Dave Chow 01:02
With their - with their, uh, big tagline this time, so - I thought was appropriate.

M Matt Mio 01:08
If I've learned any historical humor from my wife, I would never guessed that had anything to do with Teddy Roosevelt because it didn't use the word "I".

D Dave Chow 01:16
(Laughs) It's true.

M Matt Mio 01:19
The rumor was that he broke the letter I on his typewriter writing his memoirs.

B Beth Oljar 01:27
In good Rooseveltian fashion.

M Matt Mio 01:29
Yes, exactly.

Dave Chow 01:30

He broke that faster than a saddle. So, I mean - It's all good.

Matt Mio 01:33

Yeah, very cool. Very inspiring. And I like the font too. And you know, that's a good thing. Continuing around the horn here, Professor Jim Tubbs is here.

James Tubbs 01:44

Howdy.

Matt Mio 01:44

Planning a big trip to DC to see the -

Beth Oljar 01:48

For absolutely no purpose!

James Tubbs 01:50

Yes, to see the cherry blossoms - but I can't get near the cherry blossoms.

Matt Mio 01:54

Yeah, so you travel safe, Jim, we need you to -

James Tubbs 01:56

Yeah, if people would just wear masks.

Matt Mio 01:58

Yeah. Sometimes the virus just does what it does too, Jim. So we can quarantine and we can wear masks. But the nonliving living thing gets to make all the choices.

James Tubbs 02:11

But, you know, for the last year, we've also had a huge decrease in seasonal flu and colds - because a lot of people have been wearing masks, so we haven't had to deal with those other things.

 Matt Mio 02:22
That's right.

 Beth Oljar 02:23
I did not get sick once.

 Beth Oljar 02:26
The whole academic year. No colds.

 James Tubbs 02:26
That's amazing, Beth.

 James Tubbs 02:29
That's great.

 Beth Oljar 02:31
It was - I'm like I can't remember what that - what it's like to not be in the constant petri dish of germs.

 Mara Livezey 02:38
Right.

 Beth Oljar 02:39
That is basically any school.

 Mara Livezey 02:41

Right.

- M** Matt Mio 02:43
I knew you were gonna qualify - or not qualify, but define it, Beth. It's like - the petri dish - of education. (Group laughter)
- B** Beth Oljar 02:51
That's even better.
- M** Matt Mio 02:54
Oh, man, I - all I can say and Mara has already heard this rant. So I'll get it down into one little sentence. There was a big push for my son's high school and middle school to go back to 100% in person. It took them almost three months to get everything planned and ready. And they started on Monday. And by Thursday, they are in full shutdown for the next three weeks.
- J** James Tubbs 03:17
Oh No.
- D** Dave Chow 03:18
Yeah, I saw that. That looked pretty miserable as far as the numbers. Ugh!
- M** Matt Mio 03:22
And to be honest, it's a mixture. You can't find people to fill in. You know, I know I shouldn't say this on the air. but I asked Emmet "Hey, how was your social studies test?" He's like, "What are you talking about, Dad? We watched Moana today." I'm like Uh-oh, that means the parent volunteers are coming out, you know,
- D** Dave Chow 03:41
What - there's South Polynesian studies, right? I mean,

- M** Matt Mio 03:44
Oh,yeah. Oh, that's - that's what it was about.
- M** Matt Mio 03:46
I mean, you know -
- B** Beth Oljar 03:47
I shouldn't be laughing, but that's really funny.
- M** Matt Mio 03:51
That is God's truth right there. That's all I can tell you.
- D** Dave Chow 03:53
I mean, that's, that's Polynesian Studies.
- M** Matt Mio 03:56
And the person who shouldn't be laughing, but is laughing and it's still fun - is Professor Beth Oljar.
- B** Beth Oljar 04:01
Why didn't I get to do that? I don't remember social studies being that fun.
- J** James Tubbs 04:06
Me neither.
- D** Dave Chow 04:07
No.
- M** Matt Mio 04:10
It's probably more indicative of at least at the elementary school level - You know, we've

got a dual-edged sword here in southeastern Michigan. We're going into the absolute nadir of a 25 year drought for elementary school teachers, because a whole bunch of schools including our own, no longer have programs, and a lot of people are sick. And with that you just can't find substitutes. And there was a day - I know for a fact that I think that, you know, not to say he's not qualified, but the school janitor was watching over my son's class for a regular unit. They stretched the staff as far as it can.

James Tubbs 04:50

A new career. A new janitorial career.

Dave Chow 04:53

He's got two good eyes. That's all he needs. Right.

Matt Mio 04:55

That's all he needs. Yep. Third graders. Oh yeah. third graders are easy, you know? It's the younger kids that really cause the problems, right?

Beth Oljar 05:03

Or not the younger kid - well I know there are even younger than that, but - still.

Matt Mio 05:09

so yeah, we're going, Beth, on almost everybody on the panel here has been stabbed - at least once - if not twice.

Dave Chow 05:16

I got the fresh one.

Beth Oljar 05:17

Yep,

Matt Mio 05:18

That's good news.

D Dave Chow 05:19
Ohh!

M Matt Mio 05:20
But Jim makes a good point. We have a little survey we've got to fill out online and flash this green logo to get onto campus - but wouldn't our vaccination card be enough? But remember, it takes about 14 days, Jim, to fully -

J James Tubbs 05:33
It's been - it's been more than 14 since my second vaccine.

M Matt Mio 05:37
So, you should be good to go. You should be good to go.

B Beth Oljar 05:39
I didn't even know we had to do a login thing. Of course I have had no interest in coming to campus.

J James Tubbs 05:44
Oh, yes. You have to fill out a questionnaire, and then they send you an email that you have to show them at the gate on your phone.

M Matt Mio 05:51
Right. Continuing around the horn here, Professor Jeffe Boats. It's just just the way the light's falling today, Jeffe. You look really angry. Jeffe.

J Jeffe Boats 06:00
I don't know why I have this red tint on my face. I can't, uh - I have to get a flashlight and shine it in my face or something.

D Dave Chow 06:06
Or shine it underneath your chin, too.

J James Tubbs 06:08
Yeah. That would be scary. Jeffe.

D Dave Chow 06:11
Jeffe is doing his best Ron Perlman right now.

J Jeffe Boats 06:14
Oh, yeah. yeah. I'm Hell Boy. That's me.

M Matt Mio 06:16
The old Hellboy. Not the new one.

D Dave Chow 06:18
No, no.

J Jeffe Boats 06:18
I've got to talk to some janitors to teach my Calc class when we go back into -

M Matt Mio 06:22
Totally.

J Jeffe Boats 06:22
Did you know my first two jobs were janitorial. I was a janitor. So some of those janitors they're a little smarter than you think.

M Matt Mio 06:28
Yeah.

James Tubbs 06:29

There's a natural progression into education from there, huh?

Jeffe Boats 06:32

Absolutely. Well, I'll tell ya - What cleaning other people's toilets teaches you is to study and stay in school, man.

Beth Oljar 06:40

You know, the woman who's taking over as acting mayor of Boston -

Beth Oljar 06:44

Oh right?

James Tubbs 06:45

Yes.

Beth Oljar 06:45

Who is African American in that city with the really horrific record of racial tension. She had a baby at 16. I'm going to connect to Jeffe's story here in a second. She put herself through Smith - cleaning toilets there.

James Tubbs 07:02

Wow!

Beth Oljar 07:03

To pay for her tuition. Another janitorial job that worked out well. She's now acting mayor of Boston, first woman and first African American.

Matt Mio 07:15

I heard Boston, and I didn't know whether we were going to go in a Goodwill Hunting janitorial mathematician direction.

- D** Dan Maggio 07:21
I was just gonna mention that.
- B** Beth Oljar 07:22
I thought that, too - actually, when Jeffe was talking -
- J** Jeffe Boats 07:27
It's an important job.
- M** Matt Mio 07:29
Absolutely it is.
- M** Mara Livezey 07:29
That's right.
- M** Matt Mio 07:33
Yeah, exactly. Um, continuing around here, Professor Mara Livezey is coming to us live - from a different time zone.
- M** Mara Livezey 07:43
Yes. Hello.
- J** James Tubbs 07:44
Three different.
- M** Matt Mio 07:46
Apparently -- What time is it? Three hours ago? It feels like four to me, but apparently it's not.
- M** Matt Mio 07:56

Mara, isn't it 24 hours for every timezone you skip no matter what direction you're going in - something like that, you know,

M Matt Mio 08:03
something like that. But you know, I'm doing this weird thing where I still wake up on Eastern Time. 7am. So it's like 4am here, but I'm going to bed later. So I'm just all jumbled up.

J James Tubbs 08:15
I hate to tell you tomorrow, but that officially it's not yet happy hour where you are?

M Matt Mio 08:21
Well, I go by East Coast time. It might be one o'clock here. But that means nothing to my body.

M Matt Mio 08:27
Uh, a man who doesn't know the meaning of the word happy hour? It just came out wrong, Dan. I'm sorry. It's Professor Dan Maggio.

M Mara Livezey 08:35
Wah, wah wah.

D Dan Maggio 08:36
I see you're on a real roll today, Matt.

J James Tubbs 08:39
He's never known a non happy hour.

D Dan Maggio 08:41
Well, it's a happy hour somewhere.

James Tubbs 08:43

Absolutely. The globe is big.

Dan Maggio 08:45

Dan, I know I've told this story before, but maybe it just comes up like a good penny, a shiny penny, about how I remember vividly having you for Calc III and your ability to draw a perfect circle on the board on the first shot. And yeah, I've never forgotten that. Somehow. We got talking about polar coordinates. And I'm like, let me tell you a Dan Maggio story.

Dan Maggio 09:08

So I believe you, but I'm short. And I don't know how I was able to do that. Because the ledge is probably came up to my shoulder. Oh, no, I don't -

Dave Chow 09:16

Hold on. Are you sure you didn't draw it on the ground, Dan?

Matt Mio 09:20

It was on the green board.

Beth Oljar 09:21

You can't draw a perfect circle.

Matt Mio 09:23

Well, it was - to my poor eyes, it was downright perfect.

Beth Oljar 09:29

I'm a Platonist about math. The form of something - Okay. It's just an approximation,

Matt Mio 09:36

Right, right. Well, everything is a model, Beth.

M Matt Mio 09:38
That's an ideal. It's the ideal.

M Matt Mio 09:40
Everything is a model. So -

D Dan Maggio 09:41
I'm trying to remember there was a T - Was it Nichols - who used to be able to do that, go up to the board and do - (sound of a chalkboard) - just get a perfect circle on the board.

D Dave Chow 09:53
You just use your body as a natural compass. That's all.

M Matt Mio 09:55
Right.

D Dan Maggio 09:55
Yeah,

J Jeffe Boats 09:55
They say that was true of Da Vinci, too, that he could draw on the ground with a piece of chalk in a public square - like a 20 foot circle and it would -

D Dave Chow 10:02
Really?

D Dave Chow 10:03
yeah, now that - now that's freaky.

D Dan Maggio 10:05

Yeah, that would be hard.

J James Tubbs 10:06
Yeah.

B Beth Oljar 10:07
Seems kinda freaky - in a good way.

M Matt Mio 10:10
Freaky - in a good way.

B Beth Oljar 10:10
And - left handed, I might add

M Matt Mio 10:14
That story surprised me, not because you drew a perfect circle, Dan, but because I didn't know you were Matt's professor.

M Matt Mio 10:21
Oh, you didn't know that, huh?

J Jeffe Boats 10:23
Matt's a whipper snapper.

M Matt Mio 10:23
Honestly, I wouldn't have thought you were that old, Dan. You look young as ever.

D Dan Maggio 10:25
Well, Thank you.

Dave Chow 10:30

It's the formaldehyde, it keeps him young.

Beth Oljar 10:31

(Laughs) And curling.

Dave Chow 10:36

It's the cold air.

Dan Maggio 10:37

There you go. And the fact that I haven't been - speaking of not being sick, so when I when I quit smoking, which is 12 years now, I stopped getting sick, and it was noticeable. And now this year, it's even more noticeable. Like I haven't - like the rest of you. I haven't been sick all year. Not a single sniffle.

James Tubbs 10:54

Me neither.

Matt Mio 10:55

That's awesome.

Dan Maggio 10:56

Well, maybe maybe a day or two, but -

Dave Chow 10:59

It's the Benjamin Button effect. Right? We'll all - We'll be 12 tomorrow.

Beth Oljar 11:02

It's the best academic year I've had since 2015.

M Matt Mio 11:07
I understand. totally understand. Folks, this is a program where you can send us questions regarding anything. if you stump the panel, you win a prize. You can send the questions to us a number of ways. You can email us at ATP at UDMercy dot edu. Find us on Facebook or Instagram, or listen on your favorite smart speaker by asking it to play Ask The Professor at University of Detroit Mercy. Okey dokey. "Hello again, profs. Were up here in the U.P. It's cold - gray. So we've been entertaining ourselves by writing more questions for the show. It's a short set. Only 10 questions. So seven out of 10 is the passing grade. Hope you all are well. Up in Munising." She says "Way up north." It's Marilyn Bachorik.

J James Tubbs 11:50
Oh! Good!

M Matt Mio 11:51
Thanks for sending these questions, Marilyn. Our subject is pretty straightforward. Nicknames, nicknames. "We'll start with an easy one," she says. Uh-Oh, it's always -

M Mara Livezey 12:02
Uh, oh.

M Matt Mio 12:03
You can't do.

D Dave Chow 12:05
That's a kiss of death.

M Matt Mio 12:07
Which president had the nickname The Professor.

B Beth Oljar 12:11
Woodrow Wilson.

Matt Mio 12:12

It was Wilson. It was good ole -

James Tubbs 12:14

He was a professor. That's why -

Matt Mio 12:16

That's probably how he got -

Beth Oljar 12:18

He went for the obvious.

James Tubbs 12:21

A professor and a college president.

Matt Mio 12:23

That's right. That's absolutely right. What singer born Edith Giovanna Gassion was known as the Little Sparrow.

James Tubbs 12:33

Edith Piaf?

Matt Mio 12:34

Edith Piaf is correct.

Dave Chow 12:37

Yeah they named a rice after her, didn't they? Oh,

James Tubbs 12:39

No, That's pilaf.

Dave Chow 12:41

Oh, okay, I was close.

Dave Chow 12:42

I was thinking Sparrow, and you're going pilaf.

James Tubbs 12:45

There's a TV commercial that plays one of her songs. We keep seeing on the television - where somebody leaves a goldfish on top of the car and -

Matt Mio 12:54

That's right. Junior hockey player Eric Lindros was dubbed what nickname by the media.

Dave Chow 13:02

The Cry baby. I know that. Uh, the King of Concussions?

Jeffe Boats 13:06

The media is a little different up in Canada.

Matt Mio 13:11

You know, it's based on the fact that - and you probably already know what Wayne Gretzky's nickname was.

Dave Chow 13:17

The Great One.

13:18

Yeah, he was the Great One. And Eric Lindros, when he was coming up through the ranks, right, Dave? He was sort of

- D** Dave Chow 13:25
the heir apparent.
- J** James Tubbs 13:26
the also ran.
- M** Mara Livezey 13:27
The not so great one.
- M** Matt Mio 13:28
(Laughs) All of these are really, really good. You know, expectations for Lindros were so high that he was nicknamed The Next One in the media. And, within a season two, we didn't have to worry about it anymore,
- D** Dave Chow 13:41
He was more of the concussed one, that's all.
- M** Matt Mio 13:46
(Laughs) Oh, yeah, cuz that only applies to like one person in the NHL.
- D** Dave Chow 13:49
Oh, no, no, but his concussions were epic. That's all.
- M** Matt Mio 13:52
Yeah, they were. they were. I wasn't happy with the highlights. It's really tough to have almost everyone if not all of our sports be, speaking of Nadir, bottom of the trough, and The Wings got scored on three times in 45 seconds. It was a -
- D** Dave Chow 14:09
That goalie didn't break a sweat.

James Tubbs 14:11

That was painful.

Matt Mio 14:13

Yeah, that was painful.

Announcer 14:15

You're listening to a special edition of Ask The Professor in which each of the seven professors participating in this recording session were connecting to each other from different locations, thanks to Zoom video conferencing technology. We're grateful to those listeners who submitted questions for today's show, and we welcome your questions at ATP at UDMercy.edu. Now, let's return to our host Matt Mio with more questions for the panel.

Matt Mio 14:42

We've got questions from up in Munising Marilyn Bachorik. So, for the record, there was a real person right named Rocky Marciano. He was a boxer and his nickname was not Rocky. His name was Rocky. What was his nickname?

Beth Oljar 14:58

Raging Bull.

Matt Mio 15:00

That's not what it says here. It says it was based off of where he was from, Beth.

Dave Chow 15:04

Brooklyn.

Beth Oljar 15:06

The Bronx Bomber. No.

- M** Matt Mio 15:08
I mean, you're actually putting it together as you go. He was raised in a town in Massachusetts that starts with B. And then Bomber came after
- M** Mara Livezey 15:18
Boston,
- D** Dave Chow 15:19
Boston.
- M** Matt Mio 15:20
No, he was the Brockton Bomber. But you know, we kind of put it all together, bits and pieces there. So we'll -
- D** Dave Chow 15:26
At least it wasn't Quinzey.
- M** Matt Mio 15:27
Yeah,
- D** Dave Chow 15:27
That doesn't sound right.
- M** Matt Mio 15:28
Yeah. Oh, gosh, I just got the Boston Bomber. It's hard to host and think at the same time. Ay caramba. Uh, What was a Aristocle's nickname?
- B** Beth Oljar 15:40
Plato? No,

- M** Matt Mio 15:42
Yeah, that's right. His nickname was Plato.
- B** Beth Oljar 15:44
Right. Right.
- M** Matt Mio 15:45
But the name was given by his wrestling coach because it means -
- B** Beth Oljar 15:49
He was broad. He was solid and broad of body and a good wrestler as all those -
- D** Dave Chow 15:54
So, I - every time I think of Plato, I keep on thinking about the kids clay. That's all.
- J** James Tubbs 16:00
The dough. (Play-Dough)
- D** Dave Chow 16:00
Yeah.
- B** Beth Oljar 16:01
I always know that Plato's his nickname. I can just never remember what the real name is. Because you know, who cares, right? I mean,
- M** Mara Livezey 16:07
Yeah.
- M** Matt Mio 16:07
(Laughs) No, it's true. It's true. Thomas Lanier Williams, the third is probably better known

as -

J James Tubbs 16:19
Thomas Lanier Williams the third?

D Dave Chow 16:22
the third.

J Jeffe Boats 16:24
Ted Williams?

M Matt Mio 16:25
No.

D Dan Maggio 16:26
Are we talking sports?

D Dan Maggio 16:28
We are talking about performance. He's a singer.

D Dan Maggio 16:32
Singer? Meatloaf?

M Matt Mio 16:36
That's a good guess though. That's a good guess. No. He moved to New Orleans. And he changed his name from Tom to the name of the US state because his father hailed from that state.

D Dave Chow 16:50
Tennessee Williams?

M Matt Mio 16:51
It was Tennessee Williams.

J James Tubbs 16:54
Oh!

M Matt Mio 16:55
Yep. For the record, there's something put here which probably has to occur in every set of questions about nicknames. Let's see what the professors think. Marilyn muses, "Are you allowed to choose your own nickname like Tennessee Williams did or should it be bestowed upon you."

D Dave Chow 17:11
Yes.

B Beth Oljar 17:12
It would have to be bestowed.

M Matt Mio 17:14
There you go. I guess that's it.

D Dave Chow 17:17
We had a professor at CCS that gave himself his own nickname. We were kind of like "No, it doesn't fit. It doesn't fit."

M Matt Mio 17:25
I believe that I've intersected that way of thinking multiple times in my life and every single person who tried to choose their own nickname got made fun of and then a separate nickname based on that making fun of was chosen. Yeah, I'm trying to think of that ever has directly happened to me, but I don't think I've tried to get people to call me something different. I don't know. What was Cannonball Adderley's real first name?
Cannonball Adderley.

M Matt Mio 17:59
Who is Cannonball Adderley?

i 18:02
I'll do you one better -

D Dave Chow 18:03
A musician.

M Matt Mio 18:03
When is Cannonball Adderley? Cannonball Adderley, I want to say, was a boxer. Is that right?

D Dave Chow 18:09
No musician.

M Matt Mio 18:10
Oh, musician, my bad - my bad.

D Dave Chow 18:13
I'm trying to remember.

M Matt Mio 18:16
starts with the letter J. Same as the last name of a very, very famous African American chemist.

B Beth Oljar 18:27
Well, that's a help. (Laughs) Not being up on famous chemists.

M Matt Mio 18:32
Well, you should. You should. Um - famous African American chemist. His first name was Perc, his last name was -

J Jeffe Boats 18:41
Johnson - because that's where Johnson and Johnson comes from. I don't know.

M Matt Mio 18:44
It's, uh, Julian. Julian is what we were looking for.

D Dave Chow 18:47
Okay. Like the salad.

M Matt Mio 18:49
Because of course it has to work out this way, he got the nickname cannibal in high school. But over and over and over being repeated it basically morphed into Cannonball

J James Tubbs 19:01
Cannonball.

D Dave Chow 19:02
Cannonball sounds a lot more -

J James Tubbs 19:04
I don't wanna know how he got the nickname cannibal.

B Beth Oljar 19:06
Yeah, I'm wondering about the origin of the original?

J James Tubbs 19:08

Yeah,

- M** Matt Mio 19:09
Actually, it has it here. High school friends thought he had an impressively huge appetite. I'm not familiar at all with this name. What was the nickname of John Baptist Reinhardt? Who is that is a good question too.
- B** Beth Oljar 19:24
Django Reinhardt.
- M** Matt Mio 19:25
Yeah, Django That's right.
- B** Beth Oljar 19:27
Yeah. He's a jazz musician.
- M** Matt Mio 19:29
There we go. Yeah, he was given the nickname Django by his - it says here, Gypsy parents. I know that that's not exactly a culturally sensitive term in the year 2021. But
- M** Mara Livezey 19:40
e use the word Romani. or Roma
- M** Matt Mio 19:43
Romani. Yes. Romani is much better. What current world leader has the nickname Mutti. MUTTI.
- J** James Tubbs 19:54
Oh,

Beth Oljar 19:55

It's German for mother, so -

Matt Mio 19:58

it's German for mother Yes.

Dave Chow 20:00

Angela Merkel?

Matt Mio 20:01

It's Angela Merkel. Great. there's only one more layer to the "Can you nickname yourself" right, and that is this was originally bestowed on Merkel as an insult, but her supporters loved the nickname because it fit her calming presence and caring for the German people.

Dave Chow 20:17

Way to own it?

Mara Livezey 20:18

Got him.

James Tubbs 20:19

Yep.

Beth Oljar 20:20

And here I was thinking it was just her East German stoicism that was responsible for that. But hey,

Matt Mio 20:30

She has a Spice Girls thing going on. Remember the Spice Girls were nicknamed in Variety based on their appearance. And they're like, yeah, let's just run with this.

B Beth Oljar 20:39
Yep.

M Matt Mio 20:40
Back in the day. Which American general was nicknamed The Bear.

D Dave Chow 20:47
Schwarzkopf.

M Matt Mio 20:49
It was Schwarzkopf That's right. And this is kind of a cool duality there. During Desert Storm - Of course, the media was very fond of calling Schwarzkopf Stormin Norman, but his troops called him The Bear. Massive in stature, powerful and fiercely protective. That's the nickname he preferred. "Well, frankly," Maryland says at the bottom here, that was the last question, you did pretty well here. "Besides Detroiters know there's only one Stormin Norman" So

D Dave Chow 21:24
Okay, Matt, you stumped us.

D Dan Maggio 21:26
And who's that.

M Matt Mio 21:27
Unless we're talking about Norm Cash for the - for the Tigers.

D Dave Chow 21:30
Oh, okay. I mean, yeah, sure. Yeah, I mean, I don't know. It's like, Norman isn't exactly your common household name. Now, is it? I mean, it's kind of fallen out of favor.

M Matt Mio 21:42

No, it's not really. It's not up there much anymore.

B Beth Oljar 21:44
Since Norman Bates, Probably.

D Dave Chow 21:46
Ugh! Oh!

M Matt Mio 21:49
Nicknames that get tied to horror movies. That's never, never a plus. Hey, we got a quick set of questions here. "Profs, here are 10 questions about the sport of hockey. a passing grade is eight out of 10. Thanks for participating." That's from Mitchell Durst. I believe that would have been either Mara, or Jason's student number of semesters ago, from Detroit, Michigan. So let's see we can do with Mitchell's questions. True or false? the puck must cross the blue line before the offensive team in order to be onside.

D Dave Chow 22:21
Yes,

J James Tubbs 22:22
Yes,

M Matt Mio 22:22
Yes, that's true. That's right.

D Dave Chow 22:25
And now the guy can actually pick up his leg as opposed to dragging his skate on it.

M Matt Mio 22:29
Right. How many zones are on a rink?

- D** Dave Chow 22:32
Three? I mean, there's offense defensive -
- J** James Tubbs 22:35
Three.
- M** Matt Mio 22:36
Yep. three zones, three zones. How many skaters can be on the ice for one team at a time?
- D** Dave Chow 22:44
Six.
- M** Matt Mio 22:46
Six, if we count the goaltender. That's right.
- J** Jeffe Boats 22:48
Not counting the goofiness during the change.
- M** Matt Mio 22:50
Yes.
- D** Dave Chow 22:51
Yes.
- M** Matt Mio 22:52
True or false? You can hit the goalie if he plays the puck outside the crease.
- D** Dan Maggio 22:58
Yes.

- D** Dave Chow 22:59
That's one of those unsaid rules though. You hit him and you're gonna have like the sea of humanity coming down on you though.
- M** Matt Mio 23:05
I believe that it's possible that both true and false can be true because the rulebook states that's against the rules, but people still do it.
- M** Mara Livezey 23:12
Yeah.
- J** James Tubbs 23:13
Yep.
- D** Dan Maggio 23:14
I thought that if he came out, that it was fair game.
- M** Matt Mio 23:18
Yeah, the book says no, Mitchell actually has sent us - I could -without giving much away - a whole bunch of cross references to the official NHL playbook.
- D** Dan Maggio 23:26
Alright,
- J** James Tubbs 23:28
the rule book,
- M** Matt Mio 23:29
The rule book. Does the puck need to completely cross the goal line to be considered a goal?

D Dave Chow 23:35
Yes.

M Mara Livezey 23:36
No.

D Dave Chow 23:36
Yes! It has to all be white.

M Matt Mio 23:39
Yes it does.

J James Tubbs 23:40
Oh,

M Matt Mio 23:40
it either does it, um, on the ice or three dimensional. What is it called when one player scores three goals in a single game?

D Dan Maggio 23:50
Hat trick.

B Beth Oljar 23:51
It's called that in every sport,

M Matt Mio 23:54
Mm hmm. How many periods are there in a hockey game?

D Dave Chow 23:57
Three in regulation.

- M** Matt Mio 23:59
Three in regulation. That's right. True or False - in the NHL, the defensive team is allowed to substitute after icing the puck.
- D** Dave Chow 24:09
No, they're not.
- M** Matt Mio 24:10
That is correct -that is false. Yes. True or False - fighting is allowed at the college level in hockey.
- D** Dan Maggio 24:22
No,
- M** Mara Livezey 24:22
It should be.
- D** Dave Chow 24:23
Well, I mean - allowed, but you're gonna get penalised.
- M** Matt Mio 24:27
It's all perspective here. It is against the rule book.
- J** James Tubbs 24:30
It happens. It's just not allowed.
- J** James Tubbs 24:33
that it doesn't happen. Yeah, exactly. And I'm pretty sure that Professor Boats knows this one, because one of the last times I saw him in person, he was wearing this sweater. Which NHL team has won the most Stanley Cups.

- J** Jeffe Boats 24:46
Montreal.
- J** Jeffe Boats 24:47
The Canadians. That's right. Ah, there you go. Very well done. Professors very, very well done.
- B** Beth Oljar 24:54
Give me some poutine!
- D** Dave Chow 24:56
Well, thank goodness none of you guys are doing the Pepe Le Pew thing. So I mean
- M** Matt Mio 24:59
Oh my gosh. (Group laughter) So the time has come for us to adventure into the deep, dark, crazy world of Ask The Professor Favorites.
- D** Dave Chow 25:08
Uh-Oh,
- M** Matt Mio 25:09
I came up with one the other day, and I don't know if it's too esoteric but I'll give it a whirl. Not necessarily based on where you currently live but what's your favorite style when it comes to looking at a house? Just a regular ole suburban residential house. Oh, I like that style or this style I
- D** Dave Chow 25:26
Oh, like a bungalow, arts and crafts, ranch?
- B** Beth Oljar 25:29
Craftsman.

M Matt Mio 25:30
You know, tutor you know, things like that.

B Beth Oljar 25:32
Craftsman.

J James Tubbs 25:33
I think Craftsman also.

D Dave Chow 25:35
Yeah,

M Mara Livezey 25:36
I agree.

M Mara Livezey 25:37
Wow, we have like major agreement here.

J Jeffe Boats 25:40
What's the - What do you call those Haciendas that sort of wrap around the courtyard like a horseshoe?

M Mara Livezey 25:45
Oh, yeah.

J Jeffe Boats 25:46
I don't see those around here very much, but I lived in El Paso for a little bit and some of the wealthier people I knew they had stuff - that is nice

M Mara Livezey 25:55

I was gonna say high baroque.

M Matt Mio 25:57
High baroque.

B Beth Oljar 25:58
Wow.

J James Tubbs 25:58
High baroque.

M Mara Livezey 25:59
Lots of gold.

D Dan Maggio 26:00
Jeffe, when when you bring up this style, I think about our Jesuit residence on campus, at Detroit Mercy. It's a similar kind of motif with the center courtyard.

D Dave Chow 26:09
What was Dan's?

M Matt Mio 26:10
I think Dan is a busy thinking about his response.

D Dan Maggio 26:12
Oh, the same. I would say probably more of my styles will be found in the city rather than the suburbs.

M Matt Mio 26:17
Sure. Sure.

Dan Maggio 26:19

Because they're older homes.

Matt Mio 26:21

Some of those University district houses, Dan, they look like little castles. They're so cool.

James Tubbs 26:26

Yeah, and there's a lot of Tudor.

Beth Oljar 26:28

They went seriously crazy on the Tudor over there.

Dan Maggio 26:32

So one of my favorites - and Beth will know this - is Edwin's old house.

James Tubbs 26:35

Oh yeah.

Dan Maggio 26:36

I don't know if anybody else was in there before. Boy what a house that was!

James Tubbs 26:39

His was big enough not to be too dark. A lot of Tudor houses are just very dark inside.

Dave Chow 26:44

And central air's also a tricky thing with those things too. Aren't they?

James Tubbs 26:48

yeah. can be.

- D** Dave Chow 26:50
I had a friend of mine lived over the University district. He dropped like 30 grand to put an AC.
- B** Beth Oljar 26:55
I have one of the few - I mean, all of this tudor in my house pretty classically federalist. I mean, it's brick facing and black shutters and - but that's okay. It's still pretty.
- D** Dave Chow 27:05
It works.
- B** Beth Oljar 27:05
It's not a Craftsman which would be my preference, but it's still good.
- D** Dave Chow 27:09
nobody's said like Earth Home yet. So you know, we're not like dredging up like old tires and filling it with moss or anything like that, right? So
- M** Matt Mio 27:15
Not yet.
- D** Dave Chow 27:16
Not yet.
- B** Beth Oljar 27:17
Well, what about you, Matt? What's your -
- M** Matt Mio 27:19
You know. It' uh, I gotta say I was shocked in a good way when I heard people talking about things like arts and crafts and craftsmen and stuff like that. I've kind of been fascinated with Frank Lloyd Wright. And if Leslie were here she'd tell you about his

intersection with ELO Sarandon and how they work together with Marshall Frederick's at Cranbrook because that's their, the name of their game and I just - Mission is also cool. I know that's out where -

 James Tubbs 27:45
Yeah, mission is cool.

 James Tubbs 27:48
And uh, I like - frankly, even though I know they're not houses, that looking into that style, like the old school buildings we have on our campus. We're like thinking about big buildings in that way with terracotta roofs and sandstone walls and things like that. It's kind of cool. The time has come for us to say goodbye. Dan.

 Dan Maggio 28:10
Goodbye.

 Matt Mio 28:11
Mara,

 Matt Mio 28:12
bye

 Matt Mio 28:13
A

 Matt Mio 28:13
Jeffe.

 Jeffe Boats 28:13
See y'all later.

Matt Mio 28:14
Beth.

Beth Oljar 28:15
Wanting to sing Oliver now,

Matt Mio 28:18
Jim.

James Tubbs 28:19
Arrive merci

Matt Mio 28:20
and Dave

Dave Chow 28:21
See ya.

Matt Mio 28:22
Now these words -

Announcer 28:23
you can email Ask the Professor at ATP at UD Mercy.edu or visit the Ask the Professor Facebook page

Matt Mio 28:32
Ask the Professor is produced and directed by Michael Jayson and Brian Maisonville and our executive producer is Professor Jason Roche. Until next week, I'm your host, Matt Mio.
