- M** Matt Mio, Ph.D. 00:02
The University tower chimes ring in another session of Ask The Professor, the show on which you match wits with University of Detroit Mercy professors in an unrehearsed session of questions and answers. I'm your host Matt Mio, and let me introduce to you our panel for today. To my left, from the Department of Philosophy. She has a personal fan, it's Professor Beth Oljar.
- B** Beth Oljar 00:22
Well, I wasn't sure how warm or not warm it was going to be in here. So yes, I have my little -
- H** Heather Hill 00:27
That's so cute.
- B** Beth Oljar 00:28
Battery operated fan.
- M** Matt Mio, Ph.D. 00:29
It's nice.
- B** Beth Oljar 00:31
Just in case I start sweating too much - which can happen - you know, even if it's 30 below.

D Dave Chow 00:37
If you want, we'll put like a small tub underneath you

H Heather Hill 00:40
Cool. Fill it with ice. That would be awesome.

D Dave Chow 00:42
Sure

M Matt Mio, Ph.D. 00:42
Reduce, reuse, recycle. No, I was thinking about it more like summer is getting in. it's like sort of final angry, you know, grip on us since tomorrow morning is the equinox.

D Dave Chow 00:53
It is?

M Matt Mio, Ph.D. 00:54
It is

B Beth Oljar 00:55
Lots of witchy activity around the Autumnal Equinox

M Matt Mio, Ph.D. 00:58
Yeah, last full day. It's a really late Equinox. Isn't it, Dan?,

D Dan Maggio 01:03
Isn't it always on the same day?

M Matt Mio, Ph.D. 01:04

No

D Dan Maggio 01:04
Apparently not.

M Matt Mio, Ph.D. 01:05
It's not, actually so. Yeah, I did get some St. Matthews Day wishes - usually the first day of fall - from Beth yesterday. But, uh -

B Beth Oljar 01:15
I was gonna ask you what miracles you performed to deserve this beatification but -

D Dave Chow 01:21
Walking on water?

M Matt Mio, Ph.D. 01:22
Turning tax collecting into following the Savior. Yeah, I don't know. You know, whenever your -

D Dave Chow 01:27
What - no water to wine?

M Matt Mio, Ph.D. 01:27
No water to wine.

D Dave Chow 01:28
Darn!

M Mara Livezey 01:29
Bummer.

B Beth Oljar 01:29
I can tell you whether the science on Breaking Bad is accurate. (Laughs)

M Matt Mio, Ph.D. 01:32
Yes, that's pretty much the only superpower I have, actually. Continuing around the table. Professor Dave Chow seemed a little surprised that the first day of fall is tomorrow.

D Dave Chow 01:43
Yes, I'm completely shocked. I don't even know where it went. I feel the earth tilting a little bit. Right?

M Matt Mio, Ph.D. 01:49
Well, that is the idea.

B Beth Oljar 01:51
You don't actually sleep and you know, eventually that will cause a psychotic break.

D Dave Chow 01:57
What do you mean CAUSE?

J James Tubbs 01:58
Let's not jump ahead of ourselves.

D Dave Chow 02:00
Yeah.

M Matt Mio, Ph.D. 02:00
Professor Dan Maggio is here with us today.

D Dan Maggio 02:03
Hi Matt

M Matt Mio, Ph.D. 02:03
What's going on, Dan?

D Dan Maggio 02:04
Oh, not much.

M Matt Mio, Ph.D. 02:06
I see you've got the mic hanging in front of you like some sort of badass podcaster. (The professors laugh)

J James Tubbs 02:11
He is a badass podcaster.

D Dan Maggio 02:12
Do you want me to hold it like a rapper?

D Dave Chow 02:15
No - no. Walk around like Tony Bennett.

M Matt Mio, Ph.D. 02:17
Oh, my gosh

D Dan Maggio 02:18
but I will not be singing

M Matt Mio, Ph.D. 02:20
You could do the Bob Barker style microphone.

D Dan Maggio 02:20

Dan Maggio 02:20

Oh yeah, it's like the 2 foot long.

Matt Mio, Ph.D. 02:24

Yeah,

Beth Oljar 02:25

The price is wrong.

James Tubbs 02:28

And he insisted on using a long corded mic every time.

Matt Mio, Ph.D. 02:32

Yes. Very interesting. So what's going on? Dan, what do you been up to?

Dan Maggio 02:35

Not much. I was going to ask you - on the block next to me, there is a house that not only does it have the 12 foot pumpkin head skeleton, which is very cool. But it also has a 10-foot high red eyed demon with wings.

Matt Mio, Ph.D. 02:52

It's called a Predator of the Night.

Dan Maggio 02:53

Where can one get one of those?

Matt Mio, Ph.D. 02:55

That is a Home Depot sort of. And honestly, they went all in on those this year and kind of screwed it up, because I don't know if I would ever get one. It's got big sort of leathery wings. It feels like the second there's a stiff breeze that's coming into your living room. You know what I mean?

-

D Dan Maggio 03:10
It's been so it's been there for a couple of weeks. It is very impressive.

M Matt Mio, Ph.D. 03:14
It's impressive and it kinda like moves just a little

B Beth Oljar 03:17
Is it like the monster and Jeepers Creepers.

M Matt Mio, Ph.D. 03:19
It's very similar.

D Dan Maggio 03:20
That's a very scary movie by the way.

B Beth Oljar 03:21
It is very scary.

D Dan Maggio 03:22
I don't want it

M Matt Mio, Ph.D. 03:23
Yes. So So I'm glad that you like it because I know exactly the house that you're talking about

D Dan Maggio 03:28
Oh you do?

M Matt Mio, Ph.D. 03:28
Because my mom sent me a picture of it the other day. And I'm like "Way to include the house number, Mom so I can get over there and check it out."

D Dave Chow 03:33
Have you seen the two-story black cats?

M Matt Mio, Ph.D. 03:37
Two story? No, They're two-story black cats. I'm thinking, "Well, I could put that on the sidewalk to scare people". Absolutely. You could, absolutely

D Dave Chow 03:44
I think I should.

M Matt Mio, Ph.D. 03:45
I gotta do a very severe lawn mowing this weekend to be ready for the growth over the next month and getting things out there.

D Dan Maggio 03:52
So you're gonna do the full display this year?

M Matt Mio, Ph.D. 03:54
Oh, yeah, Big party this year. You're all invited. It'll be a lot of fun. Professor Jim Tubbs has joined us today - has entered the chat.

J James Tubbs 04:03
I have to say I was thinking of you today because I was at a funeral luncheon and - one of my friends who was there was describing her next door neighbor's house, which is already decorated. And she said he's got some two story skeletons on the front of the house.

D Dan Maggio 04:19
Yeah, see

J James Tubbs 04:20
but he's got some of the smaller sized ones and he's rigged up one of them with a pump and I don't know what else - but it is vomiting green stuff.

D Dave Chow 04:23
What?!

H Heather Hill 04:24
OH MY GOSH!

M Matt Mio, Ph.D. 04:25
That's cool.

D Dave Chow 04:26
I've seen those.

J James Tubbs 04:27
And another one who is otherwise getting rid of some sort of fluid in another bucket - in his front yard. I have not yet seen this but I'll have to go by to take a look.

D Dave Chow 04:45
Let's hope it doesn't freeze anytime soon.

M Matt Mio, Ph.D. 04:48
So, I appreciate the creativity; but ,you know, my display is all class.

J James Tubbs 04:51
Oh, absolutely. Absolutely. Class is exactly what I think of when I walk in your yard.

S Stephen Manning 05:00
Its a family event,

M Matt Mio, Ph.D. 05:01

It's a family affair. That's right. That's exactly right.

J

James Tubbs 05:04

Oh this guy's got four kids.

M

Matt Mio, Ph.D. 05:06

Oh, nice. Professor Mara Livezey. You had a really really good costume idea the other day you were talking about.

M

Mara Livezey 05:13

Oh yeah. Yeah. So I, I was gifted this unitard that has like a skeleton on it. So I was gonna wear that since hopefully it still fits, fingers crossed. But then also, I need to check on Amazon. I'm gonna buy like a little skeleton or a little alien figure and wear it in a fanny pack on my belly so that my baby can have a skeleton too

J

James Tubbs 05:36

Aww nice

M

Matt Mio, Ph.D. 05:38

So cute.

M

Mara Livezey 05:39

Just having a leg hanging out or a head hanging. out Something like that.

J

James Tubbs 05:43

The big eater?

M

Mara Livezey 05:44

Yeah,

M

Matt Mio, Ph.D. 05:44

Nice. I think that's cool. I think- It reminds me of when Jacob Kagey from Biology had just had his first son and he dressed up as Mendell and dressed the kid up as a pea pod. I'm like, okay, at least we're all playing the same, you know,

B Beth Oljar 05:59
Who actually got it?

M Matt Mio, Ph.D. 06:01
I think a few of his students grasped it considering he was lecturing on the material. But, you know,

H Heather Hill 06:06
Extra credit

M Matt Mio, Ph.D. 06:07
Anyway. A man who has pretty much had his Halloween costume sewn up for the last three or four months, Professor Stephen Manning is also here. (Heather laughs) Just trying to put him on edge.

S Stephen Manning 06:17
I have no idea what he means by that.

M Matt Mio, Ph.D. 06:22
I just assume that you know, you've been planning for weeks like my kids do, you know?

S Stephen Manning 06:26
No, not me.

M Matt Mio, Ph.D. 06:28
Next question. Thank you. All right

B Beth Oljar 06:31

I remember doing that as a kid

M Matt Mio, Ph.D. 06:33
Oh, absolutely.

B Beth Oljar 06:34
Planning for weeks.

M Matt Mio, Ph.D. 06:35
Absolutely. Especially when you're putting it together yourself. Right? So So what's on your mind, Stephen?

S Stephen Manning 06:41
Not much. Just getting a lot of fall work done. Did some painting, trim painting today. I'll finish tomorrow and take the tape off on Monday to see the end result at the Casa.

M Matt Mio, Ph.D. 06:54
Nice.

S Stephen Manning 06:54
So, Yeah

B Beth Oljar 06:55
How's the puppy? Who's not a puppy but

S Stephen Manning 06:59
The little tiny dog we have? He's good. He's stable. We haven't had any - We haven't had any - We do have to get him in for his latest

D Dave Chow 07:04
Stable.

B Beth Oljar 07:08
Thyroid

S Stephen Manning 07:09
Thyroid check to make sure the thyroid medication is doing what it's suppose to, but other than that, he's fine.

M Matt Mio, Ph.D. 07:15
Okay, very nice, very nice.

H Heather Hill 07:17
The fur beast.

M Matt Mio, Ph.D. 07:19
Those of course are the dulcet tones of Professor Heather Hill who knows a lot about this beautiful beast.

H Heather Hill 07:25
Yes. Quite a bit. Yeah.

M Matt Mio, Ph.D. 07:27
His eyes are like -

H Heather Hill 07:29
Oh yeah,

M Matt Mio, Ph.D. 07:30
if it was like 6000 years ago or so and I animal like that, I would just assume it was casting a spell on me.

H Heather Hill 07:35
Yeah. His Blue eyes. Yeah.

M Matt Mio, Ph.D. 07:39
Very, very deep and beautiful.

H Heather Hill 07:41
Some dogs, some Huskies have brown or one brown or one blue.

M Matt Mio, Ph.D. 07:45
Oh, The Max Scherzer dog Yes. The Max Scherzer dog, yeah. A baseball reference there.

H Heather Hill 07:51
Kenai has two blue eyes.

B Beth Oljar 07:53
My thyroid medication is working on Bali. The medication she's taking is working for her.

M Matt Mio, Ph.D. 07:58
Oh, okay. Well - -

H Heather Hill 08:01
Thyroid, thyroid, thyroid.

M Matt Mio, Ph.D. 08:03
(Laughs) I was just gonna say it's been a while since people sent us questions about medication but they can do that. because this is a program where you could send us questions regarding anything. If you stump the panel, you win a prize. If you don't stump the panel you win a prize. You can send us the questions in a number of ways. Emailing us at ATP@UDMercy.edu find us on Facebook and Instagram or listen on your favorite smart speaker by asking it to play Ask The Professor at University of Detroit Mercy. Okey dokey. Here we go.

B Beth Oljar 08:30
That would be a great list of questions if people send in lists of medications and we had to figure out what they were for - or something like that.

M Matt Mio, Ph.D. 08:36
As the presenter biochemist, I think we could handle it.

H Heather Hill 08:38
Kinda like watching commercials on TV.

D Dave Chow 08:41
Yeah.

B Beth Oljar 08:41
Can you sing the jingle?

H Heather Hill 08:43
Right, you know?

S Stephen Manning 08:45
Oh, yes, I take that.

J James Tubbs 08:47
And all the possible side effects - paralysis, death.

B Beth Oljar 08:50
That's right. Kidney Failure.

D Dave Chow 08:51
Or if you're allergic, don't take it.

H Heather Hill 08:53
Yeah, "Do not take if you're allergic".

J James Tubbs 08:54
(Laughing) "If you're not a quadriplegic because of the first time you took it, call us"

H Heather Hill 09:04
Remember when they didn't have those types of commercials on TV?

S Stephen Manning 09:08
Yes.

H Heather Hill 09:09
Anyway, back to our questions.

M Matt Mio, Ph.D. 09:10
"Dear panel: Being the movie buff that I am, I came up with another movie list to challenge the profs. I'll supply five characters the actors portrayed. Then it will be up to the professors to guess who the actor is. Example: (the first one is done for you.) An example would be Willy Wonka, The Waco kid, Leo Bloom, Dr. Frederick Frankenstein. So that would be -

B Beth Oljar 09:32
Gene Wilder.

M Matt Mio, Ph.D. 09:33
Yes.

B Beth Oljar 09:34
Okay, so five characters that that person has played

M Matt Mio, Ph.D. 09:37
"It's a shortlist of only 10 questions, but they'll still be challenging. Have fun and good luck. Regards" our good friend , Julie Elder from Poughkeepsie, New York. Thanks again for sending these in.

J James Tubbs 09:47
Thanks Julie

B Beth Oljar 09:48
Representing New York.

M Matt Mio, Ph.D. 09:49
Yep. Here we go. Kimball, Ivan Danko, Dutch, Trench, Julius Benedict.

D Dave Chow 09:59
Dutch?

D Dan Maggio 10:00
Was that a football player?

D Dave Chow 10:02
Dutch was - Wasn't that one of the characters in Terminator?

D Dan Maggio 10:06
I was thinking football. (Matt laughs) Apparently, that's wrong because Matt laughed

M Matt Mio, Ph.D. 10:10
No, it's not Ronald Reagan. It's not Ronald Reagan.

B Beth Oljar 10:13

Kimball , Danko -

M Matt Mio, Ph.D. 10:16
Yeah, Ivan Danko

B Beth Oljar 10:17
Danko.

M Matt Mio, Ph.D. 10:17
Dutch, Trench, Julius Benedict. It's actually right in front of you.

D Dave Chow 10:22
Dutch Trench.

M Matt Mio, Ph.D. 10:24
I know the answer is not a box of doughnuts or something I mean, very well known modern actor getting a little on in years but very well known for playing sort of big dumb action characters.

H Heather Hill 10:36

How about Ethel Kroc. Prudence, Ellie Sattler, Vice Admiral Holdo, Marmi March.

H Heather Hill 11:44
Laura Dern.

M Matt Mio, Ph.D. 11:45
Those are all Laura Dern's roles. Absolutely. Good ol' Admiral holdo in the holdo maneuver.
That's where you fly a spaceship right into another one at hyperspeed. So it cracks the - Ellie Sattler was the one-

D Dave Chow 11:57
Oh, that was from starwars

M Matt Mio, Ph.D. 11:59

M Matt Mio, Ph.D. 12:14
How about Samantha Baker, Betsy Hopper, Claire Standish, Randy Jensen, Andie, A-N-D-I-E?

H Heather Hill 12:23

Can you say those again?

M Matt Mio, Ph.D. 12:24
Samantha Baker, Betsy Hopper, Claire Standish, Randy Jensen and Andie with an IE at the end.

D Dave Chow 12:31
Oh. Molly Ringwald?

M Matt Mio, Ph.D. 12:34

H Heather Hill 13:07

D Dave Chow 13:10

M Matt Mio, Ph.D. 13:12
He's been around for a while. There is no question about that

B Beth Oljar 13:15
He's 58 I think

M Matt Mio, Ph.D. 13:16
almost 60. Man come on

H Heather Hill 13:19
I'm looking him up on the-

Scrooge in the Muppet. Christmas. I mean, I just remembered too

H Heather Hill 13:45
Remember Mr. Magoo.

M Matt Mio, Ph.D. 13:49
It's like, wow, you picked a really tall British man to play this role. And all the Muppets are five centimeters tall. Like who thought this was a good idea? It's not the best muppet movie

J James Tubbs 13:58
Camera angles didn't help.

H Heather Hill 14:00
Remember the Mr. Magoo Scrooge?

M Matt Mio, Ph.D. 14:02
Yeah, I do. There. There is a big deal about that. They don't play it anymore on purpose because they think that it is severely biased against the differently abled because they make fun of the fact that he's blind the whole time.

H Heather Hill 14:16
Yes,

J James Tubbs 14:17
That's not cool.

M Matt Mio, Ph.D. 14:19
So but I do remember seeing it still. Lee Harvey Oswald. Ivan Korshunov, Dr. Smith, Sirius Black, James Gordon.

S Stephen Manning 14:28
Oh, Gary Oldman.

H Heather Hill 14:29
Oh, Gary Oldman.

D Dave Chow 14:30
Oh,

H Heather Hill 14:42
Oh, Meryl Streep

M Matt Mio, Ph.D. 14:43
Yes, the great Meryl Streep. Gosh, we only have one more left. Joe March, Amanda Grayson, Mina Murray, Charlotte flax. Veronica Sawyer.

B Beth Oljar 14:53

H Heather Hill 14:54
Was that Winona Ryder?

M Matt Mio, Ph.D. 14:55
Winona Ryder, Yeah

D Dan Maggio 14:58
Star Trek

M Matt Mio, Ph.D. 14:59
Yep, In the Star Trek special he played.

D Dan Maggio 15:01
Mother,

D Dave Chow 15:02
Yeah that's right.

M Matt Mio, Ph.D. 15:03
That's right,

D Dan Maggio 15:04
Which was not very believable.

M Matt Mio, Ph.D. 15:07
Well, she did croak I have her suspend-

R Beth Olick 15:11

B Beth Oljar 15:11
Well, his mother was human.

H Heather Hill 15:12
But I thought the woman who played her in the first Star Trek movie, the first one with Chris Pine, and Safra Kinto. She was good.

D Dave Chow 15:20
That was monre ryder

M Matt Mio, Ph.D. 15:20
That was Monre ryder.

B Beth Oljar 15:22
Wow.

D Dave Chow 15:23
Yes yes.

J James Tubbs 15:25
She seemed young

D Dan Maggio 15:26
I don't know.

B Beth Oljar 15:28
She seemed a lot-

H Heather Hill 15:29
It didn't work for you huh?

D Dan Maggio 15:30
It didn't work for me.

M Matt Mio, Ph.D. 15:31
It's all right. No, it's okay.

H Heather Hill 15:33
It's Alright.

M Matt Mio, Ph.D. 15:33
Okay. We've got a few minutes left. And so we'll take some questions here. Dear Matt and panelists. I love hearing the professor's tackle so many offbeat topics. So my latest submission is a potpourri a pot pourri. As Gabby used to say the random button on Wikipedia is a god sentence. I hope the professors will have fun with 20 plus a few bonus our good friend Amber humbly. Amber Hubley. A pot pourri, which state was admitted first North or South Dakota?

B Beth Oljar 16:06
North

H Heather Hill 16:07
South

D Dave Chow 16:09
50 50.

D Dan Maggio 16:11
I say South they work their way north

S Stephen Manning 16:13
South is that close enough?

B Beth Oljar 16:15
Well, it has to I suppose.

J James Tubbs 16:20
They have an advantage on this side.

D Dave Chow 16:23
I'm gonna say North, work it's way down.

S Stephen Manning 16:25
Republicans must have been in charge both those states.

M Matt Mio, Ph.D. 16:25
North. I feel like it's been a while since we've had this really good piece of trivia. So the correct answer, according to these questions, is that nobody knows when they were the 39th and 14th states admitted to the Union, but seeing that there would be an issue with someone being in line before someone else as if this was preschool. President Benjamin Harrison shuffled the statement papers, signed them both and shuffled them again.

B Beth Oljar 16:58
