Edwin DeWindt 00:16

University of Detroit. Mercy presents Ask the Professor the radio program on which you match wits with the University of Detroit Mercy professors in an unrehearsed session of questions and answers. I'm your host, Edmund DeWitt, and today we have a lot of the regular panel with us on my right from the Department of History and the assistant dean of the College of Liberal Arts, Professor Kathy Bush
- K

Kathy Bush 00:40

Hello Edwin. Aren't you going to introduce George?
- E

Edwin DeWindt 00:42

Oh yes, I forgot about George.
- K

Kathy Bush 00:44

How could you ever?

E Edwin DeWindt 00:45
I don't know. George Pickering

K Kathy Bush 00:48
(Laughs in an attempt to impersonate George)

H Hugh Culik 00:53
Pleasure to be here, as always.

E Edwin DeWindt 00:55
Okay. Thank you for filling in for George. On Kathy's right, also from the Department of History, Professor Greg Sumner.

G Gregory Sumner 00:55
Hi Edwin. Nice to be here.

E Edwin DeWindt 01:02
Nice to have you here. And we should mention that Dr Sumners book is now rolling into a bookstore near you.

G Gregory Sumner 01:10
Well, not till March or so.

H Hugh Culik 01:11
So this is the sequel. Is that right? Or is it the prequel? This

G Gregory Sumner 01:15
This is the the quell.

H Hugh Culik 01:19
Has it got cooties, or what are we talking about?

G Gregory Sumner 01:21
The Quinella, I hope

C Claire Crabtree 01:22
And what is the name of it?

G Gregory Sumner 01:24
I'll tell on the next program. Let's move on. I don't know what the name of it. I'll let you know next week.

E Edwin DeWindt 01:35
Well, on Greg's, right -(The studio door opened up and Professor George Pickering walked in)Professor Arthur Beer.

A Arthur Beer 01:35
Hi Edwin.

E Edwin DeWindt 01:37
Hello Arthur. And entering the room right now from the Department of Religious Studies, the chair of that department, Professor George Pickering, oh,

G George Pickering 01:52
Oh, pleasure to be here, as always. Did I miss something?

E Edwin DeWindt 01:56
Not really. Nothing at all. No. And on Arthur's right from the Department of English and the sometime director of Women's Studies, Professor Claire Crabtree

E Edwin DeWindt 02:05
Buna ziua ("Good day" in Romanian). I'm speaking Romanian again.

 **Hugh Culik** 02:09
You know what that means in Romanian? "Let's close that program down"

 **Edwin DeWindt** 02:12
No, it means that sometimes she's director, and sometimes someone else is director. You'll be director again next year, I understand

 **Claire Crabtree** 02:21
No. I hope, not.

 **Edwin DeWindt** 02:23
Oh, never again.

 **Claire Crabtree** 02:24
Someday, maybe.

 **Edwin DeWindt** 02:25
Alright. Well, sometime.

 **Claire Crabtree** 02:27
I'd like to write a book or two instead.

 **Edwin DeWindt** 02:30
Wouldn't we all?

 **Hugh Culik** 02:32
I want to read one,

 **George Pickering** 02:37

— read a book?

K

Kathy Bush 02:38

Yeah,

G

George Pickering 02:39

No, I just teach them.

A

Arthur Beer 02:40

What's the point of becoming a professor, if you have to keep reading them?

G

George Pickering 02:44

Since when did we have to read them?

E

Edwin DeWindt 02:45

And on Professor Crabtree's right, my left from the Department of English, Professor Hugh Culik

H

Hugh Culik 02:52

And I'm happy to be here

H

Hugh Culik 02:53

Really? All right!

E

Edwin DeWindt 02:53

We're happy to have you here. Most of the questions you hear in this program are sent in by our listeners. If you stump the panel, you will receive the winners package, which I believe is going to include diplomas,

E

Edwin DeWindt 02:58

I think we're giving away some kind of certificate, aren't we - if you stump the panel.

Edwin DeWindt 03:13

These are not actual degrees. When

George Pickering 03:16

we ran out of bumper stickers, I suggested we give away master's degrees.

Speaker 1 03:20

That's what I thought these probably were. And, oh, poor

George Pickering 03:24

Greg. I mean, does he really want Ken, you're here

Edwin DeWindt 03:29

among these. I mean, there is a precedent for this in the business school, after all, but we won't go into that all year

George Pickering 03:36

that much money

Gregory Sumner 03:39

if we get fake diplomas. I mean, knowing our listeners, some will try to put them on their resumes. Yeah, this is the problem.

Edwin DeWindt 03:47

When I would we can't prevent that problem. And there are people to get honorary doctorates who insist on being called doctor. You know, hey, look, it's like people with D ed degrees who insist on being called Doctor.

George Pickering 03:57

I got a degree from the Belle Isle conservatory,

E Edwin DeWindt 04:00
that's right, I put it on my doctor around that.

G George Pickering 04:07
I mean, Dr Dave gave it to him. Yes, he's the president. I understand

E Edwin DeWindt 04:13
Dr day is going to be on our show. One of these days, is he really? Well?

G George Pickering 04:18
I talked No. Dave Wagner, I talked to him the other day here and producer, if you call him, we can set up a time for him to be on the show

E Edwin DeWindt 04:29
and not paying attention.

K Kathy Bush 04:36
We don't pay attention. Speaking

G Gregory Sumner 04:40
of doctors, when are we going to get Dr Jack Van Impe on,

E Edwin DeWindt 04:45
that's a good question. We haven't asked him.

G Gregory Sumner 04:47
Time's running out. I'll bet. I know.

E Edwin DeWindt 04:52
I think, I think we could, we should get to Jack and Rexella. That would be quite a show. We're inviting you now talk. There regularly. If you're listening, all three of you, yes, the whole

inviting you now talk. There regularly. If you're listening, all three of you, yes, the whole menage. And

 **Hugh Culik** 05:04
it sort of fits, because we already have one person interested in religious

 05:08
studies. That's right, that's right. Kathy,

 **Kathy Bush** 05:12
I still go to math generation. I am part of that generation.

 **Hugh Culik** 05:17
You were the aimless, drifting agnostic. What were you thinking? Myself,

 **Gregory Sumner** 05:25
there's a title for my book. Yes, the aimless drifting agnostic.

 **Claire Crabtree** 05:30
And the art of motorcycle. Well,

 **Edwin DeWindt** 05:33
if you don't stop the panel, then you'd get junk, you know, but it's, it's our kind of junk, and that's something very special, very precious.

 **Gregory Sumner** 05:43
We cleaned out our desks.

 **Edwin DeWindt** 05:45
Very precious. Okay, on our our first set of questions comes from Pamela Johnson of segaville, Texas. That's what it looks like. Yes,

- H** Hugh Culik 05:58
prison radio, again, whatever that
- E** Edwin DeWindt 06:01
enclosed our questions that I hope you enjoy, is that Pete seegerville, probably, no, it's S, E, A, G, O, V, I, L, L, E,
- G** George Pickering 06:10
well, they meant er, but panel
- E** Edwin DeWindt 06:13
members may be interested to know that I'm a member of Phi Alpha Theta. All right, Greg, like to explain what
- G** Gregory Sumner 06:19
that is. Does that is something to do with history,
- E** Edwin DeWindt 06:22
yeah, it does, yeah. I think a member of our department heads it on this campus doesn't
- G** Gregory Sumner 06:27
That's right, yes,
- K** Kathy Bush 06:29
but fear not society, yeah, yeah. His name is in the book.
- S** Speaker 2 06:36
Is it an acronym for something? Or do you use the word and call it fat? It's kind of
- G** Gregory Sumner 06:41

like the Elks

Edwin DeWindt 06:44

best people on Earth, yeah, but fear not. The enclosed questions are not about history, oh, nor are they about new TV shows, old TV shows, movies, music or biographies. I like this woman. I like her a lot. The enclosed questions pertain to a subject near and dear to my heart, all right, my hobby. I hope you like,

Hugh Culik 07:05

you know, I find this

Edwin DeWindt 07:08

woman very gonna be narcissistic. Let's put it right

Edwin DeWindt 07:12

out. Free will, brace yourself. I hope it's not home canning or something. No, it's not that horses all questions refer to American rules, regulations, policies and standards. What does a K C stand, American Kennel American Kennel

Kathy Bush 07:27

Club, right? It's about dog.

George Pickering 07:33

Our hobby is initials, yeah, no, don't. Don't have, in general, you got one instance.

Edwin DeWindt 07:43

What is the final highlight at any dog show? Not best of breeding.

Edwin DeWindt 07:55

Dog doo. Doo Best in Show. What color are the first prize? Ribbons, yellow, blue, that's right, blue, blue, blue. What color are the winners? Ribbons distinguish from first prize, red and black. Purple, purple, purple.

08:09

Exactly what

George Pickering 08:12

winner and a first prize? Hysterical.

Speaker 3 08:15

I have no idea. Wait, it must be a second and third prize is given in all categories, and then best of

Kathy Bush 08:21

breed winner, yeah, that's because no dog wants to be a winner. George, right, okay,

Hugh Culik 08:29

check and see who's writing the history.

Speaker 4 08:32

May I ask? Do the dogs have to do anything? Sure,

08:37

it depends on they behave.

Claire Crabtree 08:39

They could just stand there showing off. What kind

Gregory Sumner 08:42

of names do they have, kind of like clay America, Bucha, stock, rocket,

Kathy Bush 08:47

thev

G George Pickering 08:48
have to do. And there are things they have to not do exactly.

S Speaker 4 08:54
It's rather the latter. All of us how to get tenure. Yes, yeah,

G George Pickering 08:59
I don't know how to do that. But anyway,

E Edwin DeWindt 09:01
what do prospective exhibitors receive, notifying them of upcoming shows as a special term for this, yeah, but it's a certain

G George Pickering 09:09
kind. Well, it's right in really.

C Claire Crabtree 09:11
It's a little newsletter called, you know, the woof

G George Pickering 09:15
and oh, good email.

E Edwin DeWindt 09:18
No. It's called premium lists. Premium lists.

G George Pickering 09:23
That's for insurance

H Hugh Culik 09:26

H Hugh Culik 09:20
agents. Green stamps.

E Edwin DeWindt 09:28
What do you call the individual licensed by the American Kennel Club to superintend a dog

H Hugh Culik 09:34
show? The dog master, boss, Oh, I like dog master. There's

E Edwin DeWindt 09:37
a, there's a clue in there, a superintendent, Superintendent, that's right. Superintendent of dogs, how many points are required for a dog to become a champion?

G George Pickering 09:47
1000, all of them, well more than any other dog. No,

E Edwin DeWindt 09:51
well, yeah, but it's, it's not, it's less than 50. There's a five in it. Keep coming. 50. It's 15. You know, you

H Hugh Culik 10:02
don't get many points even for being the grand champion

K Kathy Bush 10:07
for a dog.

H Hugh Culik 10:11
How many dogs have you met that you like? Oh, not many. In my book, they all bite. They Oh, yeah. In the middle of the night they like, go bad and rip your throwers.

S Speaker 2 10:26
Listen you people on radio land. Don't believe you dogs. How about hunting

H Hugh Culik 10:29
dogs? I've been bit by dogs like, you know, is the pope calf, vicious animal. They're good judges. I've been sweet.

G George Pickering 10:44
There's a great poster. And I've had a dog ever since I was like six.

H Hugh Culik 10:48
What you do if there's a great poster, it's a picture of a cat, and underneath it, it says, If you want a friend, get a dog. But I think that's a bit of dog propaganda myself. There's some bill of goods.

E Edwin DeWindt 11:01
Well, animals are interesting. Anyway, I have a brother in law who lives in Northern California, speaking of animals, who once had a deal with animals. He once had a friend who had a cat, and this is the only time that I know of a cat relieving itself on his head while he was in bed at night. He got the distinct impression that the cat did not like him, making a real point. Yeah, and the next day, he came home and found his picture ripped to shreds by the cat. So he moved

S Speaker 2 11:32
out. That cat was the spirit of his former wife.

H Hugh Culik 11:37
Yes, a good friend of mine who's a psychiatrist, had a family cat that was like 20 years old and just got so sick, and they couldn't bring themselves to take it to be destroyed. So they wanted to do it themselves. And that

G George Pickering 11:53
man has clients.

H Hugh Culik 11:58
So they called my wife up and said, How do you, you know, how do you dispose of a can said, I

so they called my wife up and said, how do you, you know, how do you dispose of a cat said, I guess, barbiturates, you know, anything. So how many? And so she wrote a script for some incredible number of barbiturates, and they fed them to the cat. And of course, the cat seemed to die. And okay, and so highly inert. And so they took it out, and they had a little ceremony, and they buried it in the backyard. Okay, this poor guy wakes up story wakes up in the middle of the night, and he's convinced that maybe the cats just sedated. This guy's a psychiatrist normally, you know, sick anyway. So so they, so they

G Gregory Sumner 12:41
more or less he should have used a gun.

H Hugh Culik 12:46
So they start running hoses from the neighbor's house, in their house and everything, because they don't want to dig it up, you know, like that. So they

G Gregory Sumner 12:56
after Garrett

K Kathy Bush 12:58
Hugh, we want to referral at halftime. It

G George Pickering 13:02
was okay, don't get let Blue Cross. Give him any more money,

C Claire Crabtree 13:07
really. So they ran. I need to

S Speaker 5 13:09
know, I need to know the end to get the cat out. Well,

H Hugh Culik 13:13
I mean, you're gonna dig up a poison, drown cat.

 George Pickering 13:18
It was they'd gotten that far.

 Edwin DeWindt 13:22
Well, back to Pamela. We're talking to animals. Yeah, what minimum age may a dog be entered in dog shows has to be more than 118, three months, six months, six months, six months. How many points are required for a major whatever that means. No, that's, I would say, a major one less than that, really less, less 233, only three points to do, what major

 13:54
for whatever that means. What does that mean? I don't know.

 Edwin DeWindt 13:57
Take a break here you

 Michael Jayson 13:58
are listening to an encore presentation of a classic Ask the Professor program from September of 1995 we're pleased to bring you this show and remind you that you can send your questions to the program at ATP, at UD mercy.edu, now let's return to this classic show From September 1995

 Edwin DeWindt 14:19
we're back discussing Greg sumner's mother's Chihuahua.

 George Pickering 14:23
Which bit Hugh,

 Gregory Sumner 14:26
we should send each of our listeners, a puppy. I was

 Hugh Culik 14:29
thinking like a dog head myself. Yeah, we got some

 Gregory Sumner 14:31
mercy monkeys. This was travel easy.

 Hugh Culik 14:36
What's a sea monkey? Yeah?

 Gregory Sumner 14:38
Advertising comic books. I'm not sure what they are. You add water and they turn into living organisms. Well, back to our questions with Pamela

 Edwin DeWindt 14:49
Johnson, Seagoville, Texas on dogs. How do you determine the number of points awarded at a show?

 George Pickering 14:58
Add them up. I. Time. What do you mean?

 Edwin DeWindt 15:01
No, there is apparently a very specific

 George Pickering 15:05
way of Yes. And I just said what it was. It's one for each dog.

 Edwin DeWindt 15:09
Well, by the number of dogs judged and defeated. So that sets

 Kathy Bush 15:13
Clae a defeated dog, there's nothing

 Huah Culik 15:17

 more resentful and dangerous than a defeated would

 George Pickering 15:19
take a dog to a show. What kind of world

 Edwin DeWindt 15:25
is now? There are people. There are seven variety groups of dogs. They fall into seven, vicious, vicious, dangerous. What are they? Work dogs. Work dog is one? Are they long haired or short haired? What is this long hunting, hunting show dog. Not hunting isn't really in here, but Sporting Dog sports.

 Gregory Sumner 15:48
There we go. Then there's the swimsuit category.

 George Pickering 15:53
Oh, there's the ornamental

 Hugh Culik 15:59
that's a hunting dog. Well, I

 Edwin DeWindt 16:01
guess it'll come under non sporting.

 Gregory Sumner 16:07
Is there a category stuffed?

 Hugh Culik 16:15
Right again? We like her

 Claire Crabtree 16:19
wet mouths dogs that

 Edwin DeWindt 16:21
don't think of sheep herding, herding, and now think of different types. I'm

 Gregory Sumner 16:28
still thinking about sheep

 Speaker 2 16:29
don't very large, like toy I already said.

 Edwin DeWindt 16:38
And then blood and scotch.

 George Pickering 16:48
Does terrier mean?

 Hugh Culik 16:50
It means? It means a little yappy dog, no,

 Claire Crabtree 16:53
or that will corner a bear.

 Speaker 2 16:57
Rats. In mind, terriers were originally bred to go into small spaces and catch rats.

 Edwin DeWindt 17:07
What variety group would the pulik belong to? That's a poodle and a what? I have no idea.
That's P, U, L, i, k,

 17:15

oh, well no, then it is not French

Claire Crabtree 17:17

composers, Viet,

Kathy Bush 17:22

non ornamental dog.

Edwin DeWindt 17:23

There's a working dog. Well, he does things circus dogs. Think sheep again.

George Pickering 17:30

Where are they from?

Edwin DeWindt 17:32

Don't know, don't I never heard of a Pulitzer relative of youse, actually, yeah,

Hugh Culik 17:36

that's the name screwed up in Ellis Island at

Edwin DeWindt 17:40

an all breed show what regular classes are offered for each breed and sex, male

Hugh Culik 17:47

and female.

Gregory Sumner 17:50

Congenial guys are

 Speaker 2 17:53
not taking these questions seriously. I can take classes. He talks, you mean, classes that are taught to them, or classes. Oh, categories, Oh, fine, huh?

 Edwin DeWindt 18:07
Confirmation, because you're how many are there? 1234567,

 18:12
what is one of them? Confirmation,

 Kathy Bush 18:13
no, no. Then one is in First Holy Communion. Then,

 Speaker 2 18:17
no, not. That kind of this with an old formation

 Edwin DeWindt 18:20
puppy, six to nine months. Puppy nine to 12 months, novice, bred by exhibitor American,

 18:34
fifth year senior, the American bread, the American bread, that's

 Edwin DeWindt 18:36
like tasty, right? That's right, exactly as a silver cup, Wonder Bread, Wonder Bread. And to show which dogs win points in each breed,

 Gregory Sumner 18:46
the best, yeah, he's got it, Alex, the first three. Well,

 Edwin DeWindt 18:51
it's winners dog and winners bitch is the answer I have.

18:54

I won't even touch that 10 foot pole, not with

George Pickering 18:57

the Bucha Clae. Tell them they can't say that

Claire Crabtree 18:59

anymore. I'm tired of this ex wife stuff.

19:04

Well, give the girls a break.

Edwin DeWindt 19:08

Well, come up with an alternative name, then they're

George Pickering 19:11

giving her ribbons.

Edwin DeWindt 19:17

What do you teach dogs if you're going to show them

George Pickering 19:21

how to be humble, to tell

Hugh Culik 19:28

shake after the end of the at the end of the game. It

Claire Crabtree 19:30

was just too subtle obedience

19:32

not to Yeah, to be

Gregory Sumner 19:35

quiet.

Edwin DeWindt 19:37

Well, walk is close. Well, you have to gate and to stack and bait,

Kathy Bush 19:45

you say, stretch

Claire Crabtree 19:48

models who

George Pickering 19:52

learn their posture. This

Edwin DeWindt 19:53

must be. It really must be similar.

Edwin DeWindt 19:55

A girl in college tried to talk us into all sitting in the S curve, which. Considered seductive. I know Kathy, we cross our legs, then you create sort of an S with your body

Kathy Bush 20:08

at our ankles.

Edwin DeWindt 20:12

 Edwin DeWindt 20:12
How to kill off spontaneity completely. I bet.

 Edwin DeWindt 20:16
What are the movement patterns judges may use? Figure Eight,

 Hugh Culik 20:23
galloping, cantering,

 George Pickering 20:25
getting they get the dogs to do these, uh huh, go around in circles,

 Kathy Bush 20:30
walk up and down and turn and stop. Yeah, down

 Edwin DeWindt 20:33
and back. That would be down

 Gregory Sumner 20:34
and back. Do they jump through hoops?

 Edwin DeWindt 20:36
No, no.

 Hugh Culik 20:37
Do they wear like little ballerina? No, they don't do that.

 Kathy Bush 20:42
After they walk back and forth, probably they usually walk

 20:47
around.

 Edwin DeWindt 20:50
It's down and back the triangle, the L and the T, oh, so the I must be like that, and the T just, oh, no one asked me.

 Speaker 4 20:58
I don't think it's interesting. I'm sorry. Oh,

 Edwin DeWindt 21:02
okay, what is the minimum number of championship points that can be won at a show?
Minimum zero, that's right,

 Hugh Culik 21:10
like you, okay, no, actually, the minimum is zero. Can't win.

 George Pickering 21:16
Can be one,

 Edwin DeWindt 21:17
okay, what is the maximum number of championship points that can be one at a show, three or two, it's a little more than three, 4.5 what type of show allows entries of only one breed,

 George Pickering 21:33
segregated shows like a

 21:35
club, a breed show, a show of that Well,

 Edwin DeWindt 21:37
Also, it's a specialty show. In which variety group would you find the petite Ragdoll Griffie

Alex, it's a specialty show. In which variety group would you find the petite Basset Griffon vendig Yes, anything

G George Pickering 21:49
with Bassett is a hound.

E Edwin DeWindt 21:53
Which? Which variety group includes the boxer, the Samoyed and the Akita working dose? Yes, which variety group would include silky terriers, Yorkshire Terriers, terriers? No,

G Gregory Sumner 22:07
that's it. Are they ornamentals?

E Edwin DeWindt 22:08
Are they little men? They're little miniatures, toys. In Which class are specials shown

H Hugh Culik 22:17
like this, like the Special Olympics?

E Edwin DeWindt 22:20
Well, those this is best of breed or variety. Okay, in which class do all regular class winners compete

K Kathy Bush 22:29
the Olympics something? Oh, that's close. Is it best of breed? Best of

E Edwin DeWindt 22:32
Show? That's close. It's still, I'll accept that it's winners class, that it's which two days compete, which two dogs, excuse me, compete for Best of winners,

H Hugh Culik 22:44
best bitch and best dog.

-  Edwin DeWindt 22:45
That's right, winners dog and winners bitch, that's right. What dog is judged my hand over Arthur's mouth, I'm not saying anything. What dog is judged to be second to best of breed,
-  Kathy Bush 22:58
best of inbred
-  Gregory Sumner 23:02
Is this the dog that takes over in the event that the winning dog, first runner, the Red River, the Corky sure wasn't important.
-  Edwin DeWindt 23:10
This is called Best of opposite sex.
-  Gregory Sumner 23:13
Oh, that's an unwieldy title. So the
-  23:16
dog wins, then it's the class
-  Edwin DeWindt 23:18
that's right in all breed shows. What is the maximum number of dogs to compete for Best in Show? Seven, seven categories. He's been listening. He's thinking about gun shows I have. He was
-  George Pickering 23:36
paying attention.
-  Hugh Culik 23:37
We're getting near to the Nike gun show or the

-  Edwin DeWindt 23:41
hand grenade and mortar show, whatever they have at the East eight mile armory.
-  Hugh Culik 23:45
That's, you know, the thing is, you should go to these things. They are like a trip.
-  George Pickering 23:50
I've been, I have you really aren't those spectacular, wonderful,
-  Speaker 3 23:53
yes, different side of life. Yes, I took my kid. I
-  George Pickering 23:57
think I saw half my freshman class. I was much more careful for the rest of this
-  Edwin DeWindt 24:09
which variety group would include the shiba inu, the Dalmatian and the cash and town.
-  Gregory Sumner 24:15
No, no.
-  George Pickering 24:16
What are the bothersome? Is there a bothersome? The groups are, well, Dalmatian
-  Edwin DeWindt 24:22
sporting hound, working Terrier, toy non sporting and hurting non sport. That's right, not sporting,
-  24:28

yeah, it's not sporting. Of you.

 George Pickering 24:31
Dalmatian is a non God,

 Gregory Sumner 24:33
cruel. Are deaf,

 Speaker 2 24:34
oh, man behind fire engines, yeah,

 24:39
they aren't nice.

 Edwin DeWindt 24:41
Yeah, we have on our walk up in Claire's neighborhood, there are two Dalmatians that live in a yard. As we walk by, they leap at the fence trying to tear the throats out of our bodies. I really want to

 Hugh Culik 24:54
carry the show that started out trying to reassure everybody about how good dogs these. Two on the corner that want to kill people. They

 Edwin DeWindt 25:04
do. They seem to kill I don't know what the purpose

 Speaker 3 25:08
these two dogs don't go

 25:18
to dog shows anymore. I can't hear the conversation because that kind

G George Pickering 25:21
of noise, this is the best of the show.

S Speaker 4 25:30
I was famous in high school for being able to go back like a lamb. I won, would you? Mary Had a Little Lamb, and we all vied for the job of being the one that went at the end and go bad. I could do better, but, oh yeah, you're in Romania. Wasn't quite enough, you know.

G Gregory Sumner 25:57
Did that help you in Romania? Isn't it amazing? Yeah, one,

E Edwin DeWindt 26:03
what Spaniel is found in the non sporting group? No, think Richard

H Hugh Culik 26:10
Gere gear Spaniel, I don't know that's

E Edwin DeWindt 26:14
a remote hint. Think Dalai Lama Tibetan spaniel.

K Kathy Bush 26:19
They're very mellow.

E Edwin DeWindt 26:23
Well, he's a disciple of the Dalai Lama, supposedly, you know, no, really, really, yeah, well, whatever. How many types of centers are recognized by the American Kennel Club? Center? Center, five. No, that's too many. 3233, sorry, the English, the Gordon and the Irish Gordon. Oh, yes, well, we're gonna have to save these till our next program. How about that? An entire show?

E Edwin DeWindt 26:53
... ..

I take it back. I like them, except for the ones with number answers.

Edwin DeWindt 26:57

So we'll be back with our next program with Pamela Johnson wrapping up the dog questions and moving right on to other questions. In the meantime, I want to thank the panel, Professor Pickering, Professor Bush, Professor Sumner, Professor Beer, Professor Crabtree and Professor Culik. And now these words.
