The University of Detroit Mercy presents another encore presentation of a classic Ask the Professor radio program. Today's show takes us back to January 2010

Edwin DeWindt 00:13

the University of Detroit. Mercy presents Ask the Professor. The University tower chimes ring in another session of Ask the Professor, the radio program on which you match wits with University of Detroit Mercy professors in an unrehearsed session of questions and answers. And boy, that's for sure. I'm your host, Edwin DeWindt, and today we have a very special panel. On my left from the Department of Philosophy, Professor Beth Oljar

Beth Oljar 00:41

Good to be here.

Edwin DeWindt 00:42

Good to have you here on her left, from- what is the department again, Matt?

Matt Mio, Ph.D. 00:48

It's Chemistry and Biochemistry.

E Edwin DeWindt 00:49
That's right from Chemistry and Biochemistry. Professor Matt Mio

M Matt Mio, Ph.D. 00:53
Hi

E Edwin DeWindt 00:53
Hi. And across from him, from the Detroit Public Library system. Sharon vVahovich

S Sharon Vlahovich 00:59
Thank you for inviting me.

E Edwin DeWindt 01:00
Thank you for coming. And on her left, my right, from the Department of Philosophy Professor David Koukal

D David Koukal 01:07
Hi there.

E Edwin DeWindt 01:07
Hi there. Okay

B Beth Oljar 01:09
Two philosophers, pretty dangerous.

E Edwin DeWindt 01:10
I know, I know. I know. This is going to be a very, very cerebral program. I'm certain of that. Okay, let's see, Let's just plunge right in here. On our last show, we were doing a kind of tribute to David Chow, who has been a longtime listener and longtime questioner, and we decided to just, Oh, what the heck. Let's do a whole David Chow day. And of course, he kept us running around in circles for so long that we never finished his second set of questions. So we're going to begin with his second set of questions

B Beth Oljar 01:49
Those Center for Creative Studies people ask hard questions.

E Edwin DeWindt 01:51
They certainly do. They're not fooling around. Okay? Now, these are just kind of general, you know? They wander all over the place, like, like we do. Okay? What is Captain Albert Berry's biggest claim

 02:09
to fame? Hmm? Albert

E Edwin DeWindt 02:10
Barry, yes. He says, besides being mentioned on the show momentarily, that's,

B Beth Oljar 02:18
did he discover

E Edwin DeWindt 02:19
something? No, no. He accomplished something that no one had ever done before, and it involved airplanes, Trans Pacific flight. No, no, nothing like that.

B Beth Oljar 02:31
Nothing like that. Can't be Trans Atlantic. We know who did

E Edwin DeWindt 02:34
that. It wasn't anything like that.

B Beth Oljar 02:37
Wow. Something involving airplanes

E

Edwin DeWindt 02:41

crash. Well, you're getting close in the sense of how, what would you do if you'd like to avoid being caught up in a crash? He was Amelia Earhart's navigator. No, he

B

Beth Oljar 02:50

wasn't. Oh, wait, did he invent parachutes? He didn't

E

Edwin DeWindt 02:54

invent them. He was the first to use one to jump out of a plane and survive the point which makes one wonder if there were others before him who did not

B

Beth Oljar 03:07

But didn't they, they, I read this in the news not too long ago. Don't they think they found the the god forsaken island were, yeah,

E

Edwin DeWindt 03:15

yeah, yeah, yeah. That's what. That's

B

Beth Oljar 03:19

what they coincidentally right, not too long after the movie came out,

E

Edwin DeWindt 03:25

yeah, isn't that amazing, right? What letter of the alphabet is not used as an atomic symbol for any element

D

David Koukal 03:39

that's you, yeah,

M

Matt Mio, Ph.D. 03:42

periodic table. I mean, that's the reason that that's tricky is, okay, we'll just go to A and A S, you know, is arsenic, and AR is argon, so AU is gold. There you go. Individual letters here or, I mean, I have to say

E Edwin DeWindt 03:56
it's just one letter, z, w. No, not W. Z is zinc, z

M Matt Mio, Ph.D. 04:02
n is zinc, not x, q, not q.

E Edwin DeWindt 04:06
Let me give you a hint, yeah. In Washington, DC, where some of the city, some of the streets are named after letters of the alphabet, there is one letter that is not used. It's the same letter.

D Dan Maggio 04:20
I've never been to Washington. Oh, dear. Now I'm less interested in going.

M Matt Mio, Ph.D. 04:30
I mean, off the top of my head, that that's, yeah, that's a weird one. I want to say it's, it's, it's not L I know there's

E Edwin DeWindt 04:36
also one you don't see on airplanes. Oh, when the seats are, ABC,

S Sharon Vlahovich 04:43
streets in Chicago are named after the president's order of their presidency. Right, right. Oh, wow. A helpful teaching tool, and this is why all the kids from Chicago know

E Edwin DeWindt 04:55
their presidents.

B Beth Oljar 04:58
It's also not used on airplanes.

04:59

E, would know? Would it be R,

Dan Maggio 05:02

no, it's not, all right, last called M,

05:05

yes, j, i and j,

David Koukal 05:09

why aren't J's

Edwin DeWindt 05:12

on? It's too, too easy to confuse the I and the J. Like in DC, there's an i Street and then it's K Street right after that, there's no J Street. They're

Beth Oljar 05:22

worth like five points in Scrabble.

Edwin DeWindt 05:23

Yeah, I know nice letter. I think Jay doesn't if you're not playing Scrabble. And who needs a J? That's right, okay, all right, all right. Well, he got you there in the original movie Star Wars. It was initially given a G rating, and then it suddenly got bumped up to a PG rating. What happened? There's a kiss. No,

Sharon Vlahovich 05:53

okay. This is, this is my moment of fame, okay? Darth, Vader only, you would be so bold. The Imperial Senate will not sit still for this when they hear that you've attacked a diplomatic ship on a diplomatic mission,

Matt Mio, Ph.D. 06:05

politics, my answer is the politics. No,

 Speaker 1 06:08
that's not it, but that was brilliant.

 06:15
I thought I was

 Matt Mio, Ph.D. 06:17
bad. Is it violence based?

 Edwin DeWindt 06:19
No, it's showing something that they thought they probably shouldn't show to kitties. Princess Leah is involved, for sure. No, she isn't. That

 Matt Mio, Ph.D. 06:29
is really weird. Well, that

 Beth Oljar 06:30
hairdo certainly

 Speaker 2 06:31
they shouldn't have shown that. And it's something strange. I mean, considering what what they think children are readily exposed to and have no problems with it at all, why they would suddenly get squeamish about this, like a navel or anything? No, no, nothing like that. It's, it involves bodies, dead bodies. Oh,

 David Koukal 06:51
it was the trash compactor.

 Matt Mio, Ph.D. 06:53
No, it was the, it was the, it was, was it? It was his, the charred scallop.

E Edwin DeWindt 07:00
That's right, yeah, that's it. You've got it. You've got it. That's

M Matt Mio, Ph.D. 07:05
it. PG, ish. But it was kind of hardcore the

B Beth Oljar 07:10
time they get to Revenge of the Sith. You see, in all its gory

M Matt Mio, Ph.D. 07:16
Darth Vader, he's like, you know, that was PG too. But he basically kills a bunch of little kids, you know, two hours into the movie. Yeah, that was probably the worst. That was hard, but they

B Beth Oljar 07:27
show and then poor Padme dies. That's right.

E Edwin DeWindt 07:31
Okay, see you did very well on that one. What is so ironic about the Wright brothers and their 15 honorary college degrees.

S Sharon Vlahovich 07:41
I don't think he graduated from high

M Matt Mio, Ph.D. 07:43
school. Didn't go to high school.

E Edwin DeWindt 07:45
I don't know if that's irony or not, but

M Matt Mio. Ph.D. 07:48

a lot of more Set version

D

David Koukal 07:50

of irony. They didn't have many standards,

M

Matt Mio, Ph.D. 07:53

which is not ironic at all. That's what I thought coincidental. Maybe

E

Edwin DeWindt 07:59

the Al Pacino movie on Richard the Third. And he was interviewing Barbara Everett, who's a big lit Scholar at Oxford, and she's talking about Richard the Third as a character, and she says, of course, and he's just, he's a master of irony, which is nothing more than hypocrisy with style.

B

Beth Oljar 08:19

Okay, next time we have to explain Socratic irony.

E

Edwin DeWindt 08:26

Okay, prior to George H Bush being elected, who was the last sitting Vice President to get elected president, I

M

Matt Mio, Ph.D. 08:34

just saw this the other day.

B

Beth Oljar 08:36

You mean George HW Bush? HW bush?

E

Edwin DeWindt 08:39

One? Yes, yes, yes, yes, yes, yes. Is the 19th century?

M

Matt Mio, Ph.D. 08:45

Yeah, because it was a long time before that.

E Edwin DeWindt 08:49
That's right. 19th

M Matt Mio, Ph.D. 08:53
century problem is, I don't know my vice presidents that well.

E Edwin DeWindt 08:56
I think he was the only one who could speak Dutch.

M Matt Mio, Ph.D. 08:59
Oh, Van Buren last

M Matt Mio, Ph.D. 09:08
week to think the number of times a vice president has run in the modern era, it's like, that's right, pretty rare, yeah,

E Edwin DeWindt 09:19
okay, In all of William Shakespeare's work, there was only one word that started with the letter X. What is it? Now, you philosophers should really know this. It's somebody's Oh, it's the name of somebody's wife. Oh, xanthophy. That's right. That's right. It's in The Taming of the Shrew, apparently,

B Beth Oljar 09:42
because Kate is likened to her. Yes,

E Edwin DeWindt 09:46
I think that's it. I think that's exactly it. Yeah, okay, there you go. What American car was the first to sport a hood ornament? A Cadillac? Yes. Hey. Rocking now, oh, 1912

B Beth Oljar 10:02
Cadillac. Dad was meda car ouv.

...and he was like, "I got a guy."

M

Matt Mio, Ph.D. 10:05

Okay, that explains it. Did you have flash cards when you're growing

B

Beth Oljar 10:10

up? No. I mean, he used to buy old cars and then restore them. So, like we had a rumble seed and a Model T, and you

M

Matt Mio, Ph.D. 10:18

could have had a Discovery Channel show Amen gone. Yeah,

S

Sharon Vlahovich 10:21

no, was he very particular about restoring it the way it was, or just making it

B

Beth Oljar 10:26

work, restoring them to their originals. And then he would show them, yeah.

D

David Koukal 10:31

And then the Henry Ford Museum would buy them,

B

Beth Oljar 10:36

sell them to other people. But yeah, so whenever I watch older movies, and it's like, I don't know what that car is, and I wish my dad were around here bottle make anything particular about the car, one of those walking encyclopedias. Fantastic.

S

Sharon Vlahovich 10:50

Yeah. I had a family friend who restored Model T, but he was more interested just in making it run, and some purist was angry at him because he used the wrong screws. Oh, sure, yeah, and, and he was like, Yeah, but it would have involved many more tools,

E

Edwin DeWindt 11:08

Yeah. I would have been glad to find the old tools, but

yeah. Or could you even find the original song,

S

Sharon Vlahovich 11:14

which was another reason yeah, for just making it work.

E

Edwin DeWindt 11:20

This is amazing in comic strips. What is the grollix? G, R, A, W, I, X, such

B

Beth Oljar 11:32

as the last pain

E

Edwin DeWindt 11:34

or No, no, it's it's something you see quite often in comics. In fact,

B

Beth Oljar 11:40

is that the name for the bubble in which the words are written? Well, it's characters.

E

Edwin DeWindt 11:44

You said, these are, these are things that would be in a bubble. So thought bubbles, not, not well,

D

Dan Maggio 11:49

oh no, that replace

11:51

swearing, yes,

E

Edwin DeWindt 11:56

exactly, squirrels and all that kind of stuff. Yeah, yeah. Knew it

 Beth Oljar 12:02
had a name

 Dan Maggio 12:04
impure thoughts in

 Sharon Vlahovich 12:09
the print form.

 12:11
Oh,

 Edwin DeWindt 12:12
yeah, now that makes them even more erotic.

 Dan Maggio 12:19
Oh, my Lord, I College, Oh, my

 Edwin DeWindt 12:22
Lord, in the Errol Flynn version of Robin Hood, what was the name of the famous horse that carried made Marion? The horse was not named in the movie, but the horse who actually carried, I think, Olivia, to have

 Dan Maggio 12:37
to pay tribute to cafe, was a famous horse, fat boy. No,

 Edwin DeWindt 12:41
that's a famous cat,

 Beth Oljar 12:44
the cat who ate Pittsburgh.

 Edwin DeWindt 12:45
Yes, that is still still digesting it, not

 Beth Oljar 12:49
seeing his paws in years.

 Sharon Vlahovich 12:54
Famous horse. Did this horse have other

 Edwin DeWindt 12:58
Yes, he was associated with a cowboy movie actor, Tom Mix, not Tom Mix, trigger, trigger, that was it. Trigger, yes, it was trigger,

 Beth Oljar 13:10
Mr. Ed, trigger, before Roy

 Edwin DeWindt 13:13
Rogers. Roy Rogers, yeah,

 13:20
he did ride a horse. Yes, he did.

 Edwin DeWindt 13:25
What is the first service uniform to be registered with the US Patent and Trademark Office?

 Dan Maggio 13:34
Was it the Red Cross? Sorry, no, no, no,

 Edwin DeWindt 13:37

that's far too serious. The postal.

M

Matt Mio, Ph.D. 13:42

Postal, the post, nope,

E

Edwin DeWindt 13:48

no, no, it's it had to have happened in the 50s. Had to have been involved with the sudden appearance of a very so we say, epoch making or groundbreaking magazine eventually spoil Playboy, Playboy bunny costume.

B

Beth Oljar 14:16

Gloria Steinem wore it. So there we go to infiltrate them.

M

Michael Jayson 14:21

You're listening to an encore presentation of a classic Ask the Professor program from January 2010 Matt Myo and the current panel of professors will return later this summer with more brand new episodes. So send your questions today to ATP, at UD mercy.edu, now let's return to this classic edition of Ask the Professor from January 2010

E

Edwin DeWindt 14:50

okay in 1908 the superior hotel in Iron Mountain, Montana was paid a very special visit. What was the occasion?

D

Dan Maggio 15:01

Was it something presidential? No,

E

Edwin DeWindt 15:04

no. It's people that come to hotels and leave things there. Oh, the Gideon, yes. Oh, Lord, nice. What famous TV sidekick was originally born Harold J Smith.

D

Dan Maggio 15:18

Harold the kid who got beat up all the time. No. Terrell J Smith, Ed McMahon, because a bad name, Harold J J Smith, is it? He dropped the first name and, no, he kept

E Edwin DeWindt 15:29
the first name, but it wasn't the first name. It became a first name. I mean, he dropped the second name, but it became his first name. So Harold J Smith, he dropped the Herald and he dropped the Smith. Right. Jay, Jay. Jay Leno, no, I mean, he did make a wretched movie in Detroit. Once, I know that Jay and Silent Bob, is it? No, no, no, no, he made

D Dan Maggio 15:54
a wretched movie in Detroit. What was the wretched movie? I forgotten the

E Edwin DeWindt 15:57
name of it now, but it had took place a lot in the eastern markets. And he was, he played a detective, and he wasn't very

B Beth Oljar 16:02
good. So it's a famous TV sidekick.

E Edwin DeWindt 16:05
No, no, no, no, no. I'm talking about something totally different. This is the TV sidekick, but he also appeared in a radio series long before there was a television version of this saga. Wow, I wouldn't

D David Koukal 16:23
be, it wouldn't be something involving that dragnet. No. Thanks cowboys.

D Dan Maggio 16:29
I wonder why we can't get this.

B Beth Oljar 16:34
Toto, yes, oh

D Dan Maggio 16:35
—

yes. Tato,

 Matt Mio, Ph.D. 16:36
yes, oh yeah. Kidding me. And

 Edwin DeWindt 16:39
who was the actor who played tonto. His first name was Jay. Jay,

 Beth Oljar 16:46
oh, this is the guy who threw the AX on The Tonight Show, right? Wasn't that the

 Edwin DeWindt 16:50
famous No, that was one of the Ames brothers. Oh, right, my bad. Jay Silverheels. Jay Silverheels, that's right. Wow, that's right. There you go. Original tanto to Clayton Moore's Lone Ranger, and he was on the radio show too. Yeah, no, he wasn't the radio show.

 Dan Maggio 17:11
So where does the movie from Detroit come into this? Oh, because it's Jayden, right,

 Edwin DeWindt 17:15
that's right, you said Jay Leno. And I said, No, he did make a bill. Totally forgotten. Now I have to mention

 17:24
Conan at least once.

 Matt Mio, Ph.D. 17:26
That's right. I

 Edwin DeWindt 17:27
wish someone would give me \$45 million to go

D Dan Maggio 17:32
away. Both terrible, yeah, actually, Conan, right, because he's intelligent, yeah, he's got triumph, the insulting dog, which is about one of the funniest kids I haven't he does this, if you he is Google on YouTube, Google triumph, the insulting dog in Star Wars. You ever seen the insulting dog? Oh, yeah, he's in line in New York City. I think with the opening of the the first belief would be been movie one, okay, actually, but he went all these people dressed up, and they're just complete nerds, and he has a field day with him. It's really hilarious.

B Beth Oljar 18:08
Triumph, the insult,

D Dan Maggio 18:12
it's so funny.

E Edwin DeWindt 18:14
Oh, dear. All right, all right. Who is the only United Nations Secretary General to die while in office. Oh, and he even won the Nobel Peace Prize, but he had to have it awarded posthumously. Didn't

M Matt Mio, Ph.D. 18:33
know they could do that. It

D David Koukal 18:35
wasn't dad, was it? Yes, I can't get the last

 18:41
name. That's right, that's right,

D David Koukal 18:44
just a wild guess. That was not even an educated guess.

B Beth Oliar 18:47

Well, it doesn't if they're right. It doesn't matter whether they're educated or wild.

E

Edwin DeWindt 18:52

We'll take anything.

S

Sharon Vlahovich 18:54

Just take the credit.

E

Edwin DeWindt 18:58

What musical group has had seven number two songs hit the pop singles chart, but never a number one song. Beatles, no,

D

Dan Maggio 19:07

The Rolling

E

Edwin DeWindt 19:08

Stones, no, no, no. Bunch of number Jackson Five, no. This is obviously famous group. It's three letters. I mean three words, I mean three dog night, no, but that's, that's not a bad guess, a

D

Dan Maggio 19:21

loving spoonful.

M

Michael Jayson 19:22

I don't know

D

Dan Maggio 19:25

that's showing our age. Is it recent or well,

E

Edwin DeWindt 19:28

they're, they're, they're not, they're all over the place. Just appear last week. You know, they've been around for quite a while. The word revival is in their name. Oh,

D David Koukal 19:38
that's number one. That's right. I had no idea

D Dan Maggio 19:41
I would never have that without a

B Beth Oljar 19:44
John fargarty did have to prove in court that he hadn't plagiarized himself.

B Beth Oljar 19:48
That's right, really, with one of

B Beth Oljar 19:51
his center field, yeah, he was actually sued by the other members of CCR for copyright infringement on the. Yeah, I can't read the guitar riff was similar to run through the jungle or something. He's like, I wrote both.

E Edwin DeWindt 20:16
Oh, that's perfect. Okay, sure. The award. Winning actor Kevin Spacey has an older brother with an odd profession in acting. What is it? Best

S Speaker 3 20:31
Boy, the oldest Best Boy. I love that of all, the

D David Koukal 20:34
gaffer. Yeah, I don't even know what it is, but I've always wondered, yeah,

E Edwin DeWindt 20:41
no, no, no. Actually does something besides whatever these, those people do. Does he play like corpses? Well, he, he, he's, he impersonates someone. He's. He's a professional impersonator of one particular celebrity. okay. besides his brother. obviously he doesn't do his brother.

of one particular celebrity, okay, besides his brother, obviously he doesn't do his brother. Apparently,

 David Koukal 20:59
that would be interesting.

 Dan Maggio 21:02
Well, spacey looks like, well,

 Edwin DeWindt 21:03
I don't know what his brother looks like.

 Dan Maggio 21:08
Looks like him. Well, he would. Who would you want to impersonate Jack? Nicholson, no, I don't

 21:15
know what the brother looks like.

 Edwin DeWindt 21:17
He's, he's, he's a musical figure. Elvis, rather tall. No, not Elvis rather tall. Still alive. I think he's alive. Of course, you're saying. You're looking at sometimes and you wonder. But no, he has kind of a, you know, an unkempt hairstyle. And Bob Dylan, no, Oh, shucks. Nick Cave, I love it.

 David Koukal 21:42
Bad hair out. I

 Sharon Vlahovich 21:50
forgot the question,

 Edwin DeWindt 21:51
who does Kevin Spacey, brother Randy, impersonate for a living?

- D** David Koukal 21:55
Okay? I mean, who would who? I mean, it's got to be somebody that, you know, there's a lot of demand. Yeah, he's making his living off
- E** Edwin DeWindt 22:04
one of the Beatles. First name is Rod.
- D** David Koukal 22:13
Had a great voice, so you could see he still does, yeah. But is Rod Sterling still alive? Oh, yeah, in his 60s, he
- B** Beth Oljar 22:20
just recorded the one they use, the original. He just recorded a tribute album of, like old
- D** Dan Maggio 22:28
standard. I never cared for him, but still the same hair.
- B** Beth Oljar 22:32
Well,
- S** Sharon Vlahovich 22:36
showing off, that's what he's doing
- D** Dan Maggio 22:38
after nobody keeps that same hair for 30
- E** Edwin DeWindt 22:41
years. What do you mean? I do. You're lucky. I haven't got much of it left, but,
- B** Beth Oljar 22:53

all right, you're not Marty lever, well, he had hair. No one hired

E

Edwin DeWindt 23:00

him. Marty's like my father. My father had lost mostly all of his hair by the time he was 30 or something, and it turned quite instantly it was left of it. All right, what state in the union is the only one to have a maximum speed limit of 60 miles an

D

Dan Maggio 23:17

hour? Pennsylvania? Pennsylvania? Yeah, I would

E

Edwin DeWindt 23:22

believe that. But the last time I was in the Turnpike, it was 55

D

Dan Maggio 23:24

Yeah, they and they even had the goal to put signs up that said we still have a speed limit of, I think it was 55 or 60. Yeah, the nerve

E

Edwin DeWindt 23:33

now, this is, this is a western state. Oh, very far

D

Dan Maggio 23:37

West Hawaii. Yes, I imagine

E

Edwin DeWindt 23:41

if you went more than 60, around, some of those might be dead. Grace Kelly, yeah, I remember. This is why I was still on the show, and Kathy Bush was on our panel. And I decided she made a comment, an answer to a question, I decided this is the person who must replace me. It was what famous Hollywood movie actress is being considered for sainthood, and there was this long baffle in this response on the panel. And Kathy funny said, Grace Kelly. And I said, Absolutely correct. And she said, patron saint of the Auto Club. Oh. Oh,

D

David Koukal 24:24

like that Natalie Wood joke,

B

Beth Oljar 24:27

don't go boating, yeah,

D

Dan Maggio 24:32

she was driving that it wasn't alcohol related, right? Yeah, right. But I think that they had determined that she actually had a some kind of stroke. Well, the way, right. Stephanie was driving. No, her daughter was in the car,

S

Speaker 4 24:47

but survived. Oh, right, okay, well, I remember that part. No, Sally shouldn't survive, but Sally, we lost grace. Yes, yes. Nice

S

Speaker 2 24:59

thing. Like, you know, we're making this worse, aren't we really making this worse? Who was the first Harlem Globetrotter to have his number retired?

B

Beth Oljar 25:12

Meadowlark Lemon? No, only one that I know, yeah, the

E

Edwin DeWindt 25:16

man who played only one season with them was

D

David Koukal 25:18

there a guy named curly.

E

Edwin DeWindt 25:21

Yeah. This is a very famous basketball player. Oh, really,

D

Dan Maggio 25:25

cream dude, Jabbar, this was all this would be old Walt Chamberlain. Did he play? That's

 Edwin DeWindt 25:31
it, really, for only one season. Yep,

 Beth Oljar 25:34
wow. Number three, bigger and better things in the NBA.

 25:38
That's right, that's right, much bigger.

 Edwin DeWindt 25:41
What Beatles song did some of the members contribute by playing an instrument? No, excuse me, what Beatles song did none of the members contribute by playing an instrument that's much better? Do they

 Dan Maggio 25:55
have an acapella song?

 David Koukal 25:58
Beth, this is your question.

 Edwin DeWindt 26:00
It's a It's a song that uses a lot of strings. In fact, it's all strings.

 Beth Oljar 26:06
A Day in the Life. No, no, yesterday is lots of strings.

 Edwin DeWindt 26:09
But that's not that

 Beth Oljar 26:11

 And it's not something weird like revolution nine.

 David Koukal 26:15
No, that's the wrong kind of strings.

 David Koukal 26:18
It's about loneliness.

 Sharon Vlahovich 26:20
Wait, the wrong kind of strings? Yeah. I mean, I think he's talking about, like, orchestral strings.

 Edwin DeWindt 26:25
Yeah, involved a string octet.

 Beth Oljar 26:28
It's about loneliness. Nowhere Man?

 Edwin DeWindt 26:32
No.

 Beth Oljar 26:33
I should know this.

 Edwin DeWindt 26:37
Eleanor Rigby,

 Dan Maggio 26:40
Oh,

 26:40

D David Koukal 26:40

You're right

B Beth Oljar 26:40

Yeah,

D Dan Maggio 26:40

Beth is so mad, she's gonna go home and listen to every Beatles song.

D David Koukal 26:51

She can make up her own questions.

B Beth Oljar 26:56

No, but I probably should have been able to get that.

M Matt Mio, Ph.D. 26:58

Okay, I didn't know the J thing. (The end-of-the-show bell rings)

E Edwin DeWindt 27:05

Oh, my goodness. And we have one question left. We'll have to save that for the next show. So David has gotten - what - three weeks out of this. He will have gotten three weeks out of this. That's pretty good. So we thank Mr. Chow for his questions so far. And I thank the panel. Professor Oljar, Professor Mio, Professor Maggio, Ms Vlahovich and Professor Koukal for joining us. And now this word you
