Infant
Oral Health**

KICK-OFF!

Grace Health Model
for Pregnant Mothers

Muskegon Family Care
Dental Coach Model

PUBLIC SESSION

9a: Welcome and Introductions of Key Partners

930a: Grace Health Model for Pregnant Mothers

10a: Tour of Grace Health

PROJECT PARTNER SESSION

1045a: Toolkit, Physical Plant, Armamentarium

Noon: Networking Lunch

1230p: Process and Workflow

130p: Dental Health Coach

2p: Coding, Billing, IT Support, and Data

230p: Research Project Calibration

About the Project

The Michigan Initiative for Maternal and Infant Oral Health was funded for one year at six pilot sites to examine the feasibility and impact of establishing a registered dental hygienist within an OBGYN medical clinic. This session will describe the process of collecting input from clinicians across Michigan to standardize workflow and expand the scope of services rendered to include pregnant mothers and children.

Prenatal Care for Mothers

One component of the Maternal and Infant Oral Health project is to deliver care to patients. The registered dental hygienist practicing under a PA161 program can provide the services listed on the back of this page.

Making an Impact through Prevention

The **PA161 program** and Michigan Initiative for Maternal and Infant Oral Health offer **ASSESSMENT + PREVENTION + INTERVENTION**. This is accomplished through care delivery in addition to an oral health network built between the six pilot sites and the dentists to whom patients are referred. **PATIENT EDUCATION + REFERRAL TO DENTIST** can help improve oral health outcomes for mothers and their children for generations.

Staci Hard, RDH

2 ☐ **9a: Welcome! Introduction of Key Partners**

Presenters (Public Session 9a-1030a)

- Mert Aksu, JD, MHSA, DDS, Dean, Detroit Mercy
- Chris Farrell, RDH, BSDH, MPA, Oral Health Director; Dept. of Health & Human Services
- Sara Coates, MA, Integrated Health and Programs; Michigan Primary Care Association
- Peter Chang, MD, CEO; Grace Health

3 ☐ **Project Team**

- John Girdwood: Strategy and Planning for Sustainability
- Emily Norrix: Importance of Perinatal Oral Health
- Lindsay Sailor: Integrating Oral Health Into Primary Care Clinics

4 ☐ **6 Pilot Sites**

East Region

1. Battle Creek
2. Bay City
3. Lansing

West Region

1. Muskegon
2. Benton Harbor
3. Upper Peninsula

5 ☐ **Value Stream**

6 ☐ **Time for Questions**

7 ☐ **930a: Grace Model**

Presenters

- Kevin Steely, DDS
- Staci Hard, RDH
- Tracie Hurst, RDH
- Alisha Morris, MBA

8 ☐ **3+ Years of Patient-Centered Care**

- Launched 7/14/2014
 - Blue Cross Blue Shield of Michigan initial funding

- 1 of 5 pilot programs
- 1st Year ≈ 300 women served
- First patients to complete: Rosa Cecilia Lara-Rives and son Arturo

Photo: (left to right) Jessica Southerland, RDH; Rosa Cecilia Lara-Rives and Staci Hard, RDH
<http://www.gracehealthmi.org/uncategorized/1st-patient-complete-oral-health-program/>

9 ☐ **Getting Started**

- 1 ☐ PREPARE THE PROJECT TEAM
- 2 ☐ • Hire the best hygienist!
 - Interacts with OBGYN staff
 - Advocates for patients
- Team requirements:
 - Motivated
 - Passionate
 - Flexible
- Operations must dedicate space for the hygienist
- 3 ☐ Complete the DCH-1293 Application

10 ☐ **Physical Plant and Armamentarium**

It is essential to dedicate space for the hygienist, e.g. a conference room or an exam room preferably with a sink.

11 ☐ **Final Words from Project Coordinator**

- 1 ☐ Quality Care:
 - Safe
 - Timely
 - Effective
 - Efficient
 - Equitable
 - Patient-Centered
- 2 ☐ Project Value:
 - Measurable Outcomes
 - Assessment
 - Prevention
 - Intervention
 - Referral to Dental Home
 - Patient Education
