

What is your research number?

How many weeks pregnant are you?

- 0-5 weeks
- 6-10 weeks
- 11-15 weeks
- 16-20 weeks
- 21-25 weeks
- 26-30 weeks
- 31-35 weeks
- 36-40 weeks
- 0-2 weeks post-delivery
- 3-5 weeks post-delivery
- more than 5 weeks post-delivery

What was the result of the Saliva-Check Mutans test?

- Positive (strong band on "T")
- Partial Positive (weak band on "T")
- Negative (No band on "T")

Have you brushed your teeth today?

- Yes
- No

Have you flossed your teeth today?

- Yes
- No

Have you used mouthrinse today (e.g. Listerine)?

- Yes
- No

Have you used antibiotics in the last month?

- Yes
- Maybe
- No

Indicate your level of agreement or disagreement with the following statements regarding your understanding of tooth decay before this visit:

I already understood that bacteria caused cavities and tooth decay. **Write Agree or Disagree.**

I already understood that I can transfer cavity-causing bacteria to my children. **Write Agree or Disagree.**

Indicate your level of agreement or disagreement with the following statements regarding your understanding after meeting with the hygienist:

I understand the relationship between bacteria and cavities (tooth decay).

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

I understand that I can transfer cavity-causing bacteria to my children.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

I understand that I can reduce cavity-causing bacteria in my mouth with good oral hygiene practices like brushing, flossing, and regular dental cleanings.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

I understand that a good way to reduce transmission of cavity-causing bacteria to my children is to have good oral hygiene practices (brushing, flossing, etc.).

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

The **Saliva-Check Mutans test** helped me to understand the relationship between bacteria and tooth decay.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

The **Saliva-Check Mutans test** helped me to understand that cavity-causing bacteria can be transferred to my children.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

The **Saliva-Check Mutans test** was necessary for me to better understand a need for good oral hygiene practices.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

The **explanation/handout given by the hygienist** helped me to understand the relationship between bacteria and cavities (tooth decay).

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

The **explanation/handout given by the hygienist** helped me to better understand that cavity causing bacteria can be transferred to my children.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

The **explanation/handout given by the hygienist** helped me to better understand the need for good oral hygiene practices.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

Which was **MOST** helpful for your understanding of cavity-causing bacteria and good dental health?

- Saliva-Check Mutans Test
- Hygienist Explanation/Handout
- Both the test and hygienist were most helpful together
- Neither the test nor the hygienist were helpful

Now that I have seen the result of my Saliva-Check Mutans test:

I will make sure to brush 2 times a day.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

I will floss at least once a day.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree

I will make sure to receive regular dental cleanings as recommended.

- Strongly agree
- Somewhat agree
- Neither agree nor disagree
- Somewhat disagree
- Strongly disagree
